6. MOTION - A Motion to Approve the Fiscal Year 2018-19 Comprehensive Annual Financial Report (CAFR) and Management Letter (PASS)

Director Dittman advised that in the Board packet are excerpts of the Annual Audit that was prepared. Highlights included:

- The Village received again this year an unqualified "clean" opinion on its financial statements. This is the highest level of opinion that the Village can receive. The CAFR will again be submitted to the Government Finance Officers' Association for consideration of a Certificate of Achievement for Excellence in Financial Reporting. If successful, this will be the 31st year in row for receiving this award.
- General Fund Revenue exceeded budget by \$1.77 million. Director Dittman advised that the main contributing factors were sales taxes at about \$580,000 over budget, revenue from building permits were \$469,000 or 182 % over budget and red-light fines were \$372,000 or 66% over budget.
- General Fund Expenditures were over budget by \$503,000. The major contributing factor was the unbudgeted crisis management expense within the Administration Dept., which totaled about \$562,000.
- The net increase in the General Fund's fund balance was \$207,219; the Village had budgeted to draw down \$1,076,812. The Village's ending General Fund balance for April 30, 2019 is \$5,255,725, of which \$5,026,889 is unrestricted and which represents approximately 212 days of operating expenditures, which exceeds the Village's targeted amount of 120 days.

Director Dittman introduced Scott Termine from BKD, LLP., auditors for the Village of Willowbrook. Mr. Termine reviewed highlights of the Comprehensive Annual Financial Report.

MOTION: Made by Trustee Davi and seconded by Trustee Berglund to approve the Fiscal Year 2018/19 Comprehensive Annual Financial Report and Audit Management Letter as presented.

7. RESOLUTION - A Resolution of the Village of Willowbrook Estimating the Property Taxes to be Levied for the 2019 Property Tax Levy (ADOPT)

Director Dittman stated one component of the Parks and Recreation Department budget is how the Special Recreation Tax Levy funds certain expenses. The Village Board determined that funding the following items through the Special Recreation Tax is preferable to funding them from General sources:

- Willowbrook's Membership in the Gateway Special Recreation Association
- Expenses in assisting recreation participants requiring ADA accommodations
- Improvements to our parks and playgrounds in providing better accessibility

Currently, the tax impact for a homeowner with a home market value of \$300,000 is approximately \$16.36.

Per 35 ILCS 200/18-60, the Village is required, not less than 20 days prior to the adoption of its aggregate levy, to determine the amounts of money estimated to be necessary to be raised by taxation for that year upon the taxable property in its district. The 2019 proposed tax levy is \$72,750. At this amount, the tax impact for a home owner with a home market value of \$300,000 would be approximately \$15.26. This is a 2.24% decrease from the prior year's levy, or \$1,670, and includes amounts planned for ADA Accessibility at the Village parks and the Community Resource Center. All tax collected is restricted to be used on special recreations activities.

Trustee Neal asked, "Will some of the money be used for the ADA resource center?" "Could any of the funds be used to make the police department front door ADA complaint?" Director Dittman said yes.

MOTION: Made by Trustee Kelly and seconded by Trustee Neal to adopt Resolution No. 19-R-57 as presented.

PREVIOUS ROLL CALL VOTE: AYES: Trustees Berglund, Davi, Kelly, Mistele, Neal and Oggerino. NAYS: None. ABSENT: None.

MOTION DECLARED CARRIED

8. ORDINANCE - An Ordinance Amending Section 3-1A-1 Entitled "Fees Enumerated" of Chapter 1A Entitled "License Fees" of Title 3 Entitled "Business Regulations" of the Village Code of Ordinances of the Village of Willowbrook, DuPage County, Illinois (PASS)

Administrator Pabst related that business licensing fees have not increased for over a decade. Staff presented the information above at the Finance and Administration Committee meeting on October 14, 2019, and the Committee was not in favor of the fee increase. The item is now being presented to the full Board for discussion. An ordinance was drafted using a 20% across-the-board fee increase, however, that amount could be modified. If the ordinance is adopted, the business and vending machine license fees would be updated in the accounting system in the following week so that invoices could be sent to the businesses in early November, as the current licenses expire December 31, 2019. Changes to the video gaming license fee will be considered separately.

Trustee Mistele discussed that the Village is operating on about a \$9.6 million year and this licensing fee increase would not have much of an effect on our revenue stream. He does not think it is a good idea if we raise the fees, especially for our small business. We ran two business out of town and now have two empty buildings. We want business to stay by not increasing these fees.

Trustee Kelly and Trustee Davi wanted clarification as to what two business we ran out of town? Trustee Mistele responded that we ran Sterigenics out town and we will have two empty buildings.

Mayor Trilla responded that there are several businesses interested in the Sterigenics property. Trustee Davi said, "that's good that we ran them out of town. Right?" Several Trustees and Attorney Bastian stated we did not run them out of town. Trustee Davi questioned Trustee Mistele, what is the other business? Trustee Mistele restated that he meant two buildings not businesses. Trustee Davi thanked him for his clarification.

Trustee Berglund felt that the Board should wait until next year to increase the fees. Trustee Kelly asked, "Why aren't the video gaming and liquor licenses included?" Assistant Administrator Mertens responded that the Plan Commission is having a meeting on November 6th with a text amendment to consider video gaming cafes. If that is passed, the Board will consider changing the ordinance associated with liquor licensing and video gaming, along with the text amendment ordinance, at the November 25, 2019 Village Board meeting.

Trustee Neal stated that the Trustees need to choose their words carefully when discussing businesses that have left Willowbrook. No offense to Trustee Berglund or Mistele.

Mayor Trilla stated that he is a small business owner and paying for a business license is one of the smallest bills a business owner will incur. The fees are a minimal expense to the businesses of Willowbrook. He encouraged the Board to consider this ordinance.

Attorney Bastian noted that there are a few typos in the fees noted in the ordinance and asked Director Dittman to list what those are. Director Dittman stated:

#2(i) Recreational Amusements should be \$240.00 per year; #14 (b.1) Hardware and Paint stores should be \$96.00 per year; #16 (a.2) Seating Capacity 51 to 100 should be \$330.00; and #16 (a.4) All Drive-in or Fast Food Restaurants should be \$270.00 per year plus \$2.00 for each seat.

Mayor Trilla suggested that the staff look into the best way to monitor Food Trucks in the area. There was a discussion on different ways to manage the food trucks.

Attorney Bastian stated that is something that can be considered and the code may be amended later.

Trustee Mistele suggested that the video gaming license be amended. Attorney Bastian stated it will be amended on November 25, 2019.

MOTION: Made by Trustee Oggerino and seconded by Trustee Neal to adopt Ordinance No. 19-O-27 as amended.

PREVIOUS ROLL CALL VOTE: AYES: Trustees Berglund, Davi, Kelly, Mistele, Neal and Oggerino. NAYS: None. ABSENT: None.

ITEM HISTORY (PREVIOUS VILLAGE BOARD REVIEWS, ACTIONS RELATED TO THIS ITEM, OTHER HISTORY)

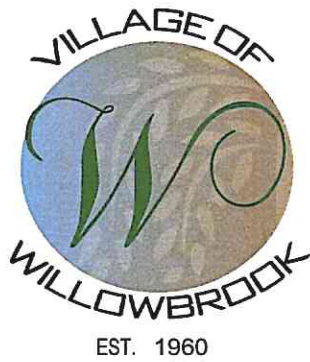

This Village-initiated text amendment was brought about because of an increase in public inquiries by several local business owners who have expressed an interest in opening an establishment whose principal use is video gaming. The Village currently does not distinguish between video gaming cafés and restaurants that have video gaming as an ancillary use to their main business. The proposed text amendment would introduce a new “video gaming café” use that would be a standalone establishment in the Village with the service of alcohol and food as incidental to the operation of video gaming. Staff also proposed to redefine the definition of restaurant to eliminate any ambiguity from the video gaming café use. Staff also proposed the introduction of new use categories “Similar and compatible uses” to capture uses that are not explicitly enumerated in the list of permitted and special uses in the Zoning Code. The new use category would alleviate the Village from amending the Zoning Code each time the Village encounters a similar or compatible use that is not listed in the Zoning Code, and would reduce the number of text amendments (and Staff time) devoted to the text amendment process.

ITEM COMMENTARY (BACKGROUND, DISCUSSION, RECOMMENDATIONS, ETC.)

The Village’s petition was discussed at the November 6, 2019 special meeting of the Plan Commission. There were no members of the public that came forward in support or opposition of the proposed text amendments. The Plan Commission’s vote was unanimous in recommending approval of the proposed text amendments. The Plan Commission recommended allowing the video gaming café use as a permitted use, rather than a special use, in the B-2, B-3 and B-4 zoning districts. However, the Plan Commission did not agree with the ½ mile distance limitation between video gaming cafés and would like the Village Board to consider eliminating this restriction when it considers amendments to the Willowbrook Video Gaming Code and Liquor Code.

The Plan Commission did not express any opposition to the remaining proposed text amendments, the revised definition of restaurant and the introduction of the new use categories “Similar and compatible uses” to the list of permitted and special uses in the business zoning districts. The Plan Commission voted 7-0 in favor of the proposed text amendments, with the exception of the ½ mile distance limitation between video gaming cafés, to forward a positive recommendation to the Village Board.

ACTION PROPOSED: November 11, 2019: Receive Plan Commission Recommendation.

History & Background

The Illinois Video Gaming Act was enacted on July 13, 2009, authorizing individual municipalities to pass an ordinance prohibiting video gaming within their jurisdiction. At the time, Willowbrook had an ordinance prohibiting all forms of gambling, which also prohibited video gambling. In June 2013, the Village Board was asked to reconsider this ban on video gaming by the owner of Dell Rhea's Chicken Basket on behalf of various Willowbrook restaurant owners. On July 29, 2013, the Village Board further discussed the Illinois Video Gaming Act. An ordinance was subsequently drafted that amended the Village Code to remove the current prohibition and authorize and license video gaming. When permitted by the local jurisdiction, the state law allows a current licensed establishment (i.e., a retail establishment that holds a Village liquor license allowing consumption on premises) to install up to six (6) Video Gaming Terminals (VGTs) located within an area of the establishment restricted to persons 21 years of age and older. The state would issue the video gaming licenses to establishments, and the Village would issue a local license. If a complaint was received regarding underage gambling, etc., the Village would have the authority through the Liquor Code to bring the license before the liquor commissioner for a hearing on the violation. If the violation was confirmed, the Village would then report the violation to the state. The state then has the authority to revoke their gaming license. Ordinance No. 13-O-31, permitting video gaming within a retail establishment that holds a Village liquor license, was approved by the Village Board in August 2013.

Video gaming in Willowbrook has thus currently been allowed only at establishments that have a liquor license, and these establishments' primary use is a restaurant or bar, not video gaming. The original intent of the video gaming ordinance was for existing establishments such as bars, taverns and restaurants who wanted to have video gambling to remain competitive with businesses in surrounding communities that already allowed video gaming.

On August 3, 2016, the Plan Commission reviewed a petition to allow video gaming as a special use in the B-2 zoning district concurrently with a text amendment request to allow video gaming as a principal use. The Plan Commission recommended approval on both petitions with a 6-0 unanimous roll call vote of the members present. At the time, due to the number of residents who were not in favor of this use in the community, the Village Board ultimately denied the ordinance that would allow video gaming as a principal use.

Discussion of Request

This Village-initiated text amendment was brought about because of an increase in public inquiries by several local business owners who have expressed an interest in opening an establishment whose principal use is video gaming. The Village currently does not distinguish between video gaming cafés and restaurants that have video gaming as an ancillary use to their main business. The proposed text amendment would introduce a new "video gaming café" use that would be a standalone establishment in the Village with the service of alcohol and food as incidental to the operation of video gaming. The Village found that video gaming establishments which served liquor and packaged foods such as chips could *technically* still fall under the restaurant use category because it served food. (Staff felt that the video gaming café use should be differentiated from the restaurant use, and that the definition of restaurant should be revised to be more specific.) Local and State gaming licenses would still need to be obtained, but video gaming would be the primary use of the business as opposed to a restaurant or bar.

The Village will be presenting amendments to the Willowbrook Video Gaming Code and Liquor Code tentatively at the November 11, 2019 meeting in conjunction with the above text amendments. The additional liquor license classifications will be tied to restaurants with gaming and one for video gaming cafés. The new liquor licenses will provide the Village of Willowbrook additional controls to regulate the proliferation of these types

of uses in the Village. As part of this text amendment, minimum distances (minimum of ½ mile) between video gaming cafés will also be proposed.

Under the Video Gaming Act:

1. Video gaming is restricted from the following locations:
 - a. 1,000 feet of a facility operated by an organization licensee, inter-track wagering licensee, or inter-track wagering location licensee licensed under the Illinois Horse Racing Act of 1975 (230 ILCS 5/1 et seq. (West 2008)) (the Board may waive this restriction in certain circumstances);
 - b. 1,000 feet of the home dock of a riverboat licensed under the Riverboat Gambling Act (230 ILCS 10/1 et seq. (West 2008)) (the Board may waive this restriction in certain circumstances); or
 - c. 100 feet of either a school or a place of worship under the Religious Corporation Act (805 ILCS 110/0.01 et seq. (West 2008)).
2. Up to six (6) VGTs may be placed at each Licensed Video Gaming Location.
3. VGTs must be located in an area restricted to persons 21 years of age and over, the entrance to which is within the view of at least one employee who is at least 21 years of age. The placement of VGTs in Licensed Video Gaming Locations shall be subject to section 810 of the Video Gaming Rules. For all Locations that restrict admittance to patrons 21 years of age or older, a separate restricted area is not required. For all Locations that admit individuals under the age of 21, a physical barrier to the gaming area, including but not limited to a short partition, gate or rope shall be required. No barrier shall visually obscure the entrance to the gaming area from an employee of the Location who is over the age of 21.
4. The hours of operation of a VGT must coincide with the legal hours of operation for the consumption of alcoholic beverages on the premises.

Parking Analysis

Potential uses requesting occupancy of a new location are always evaluated as to whether adequate parking is provided on site. Although the Zoning Code does not specifically identify parking requirements for video gaming café's, Staff finds that the most appropriate parking requirement would be listed under "Other Business and Commercial Enterprises" in Chapter 10 of the Zoning Ordinance, which requires a lower parking ratio of 1 space per 250 square feet of floor area, as opposed to higher parking requirements for restaurants or fast-food establishment (1 space per 100 square feet of floor area). It is expected that a video gaming café will be more "restaurant" in nature but with a low patron turnover rate, where customers will come to the site, enter a "storefront, and sit down for an extended period of time. Other employees will also be available on the site. A future video gaming use(s) is anticipated to be located within a shopping center, which commands a parking requirement of 1 space per 250 square feet of floor area which is also consistent with the parking ratio required under "Other Business and Commercial Enterprises". Therefore, Staff is recommending a parking ratio of 1 parking space per 250 square feet of floor area under the "Other Business and Commercial Enterprises" in Chapter 10 of the Zoning Ordinance.

Obtaining a Valid License to Operate a Video Gaming Café

The process to open a licensed video gaming café in the Village of Willowbrook is as follows:

1. Applicant meets with Village Staff for an internal zoning review (1 day)
2. Applicant applies for Liquor License & Gaming License (varies)
3. Village Reviews application and performs background check (2 weeks)
4. Applicant meets with Liquor Commissioner or Designee (1 day)
5. Village Board consideration of Liquor License (2-4 weeks)

6. Applicant Applies for Building Permit (3-5 weeks)
7. Applicant Applies for Business License (varies)
8. Liquor License, Business License, Business License is issued with Occupancy Permit (varies)

Staff estimates it may take up to three months to obtain a valid liquor license.

Definitions of Restaurant and Video Gaming Café

The Village does not currently distinguish between video gaming cafés and restaurants that have video gaming as an ancillary use to their main business. Staff recommends that the Plan Commission consider refining the current definition of restaurant and introduce a new definition for video gaming cafés for added clarity between these two uses. The current definition of restaurant in the zoning code is as follows: "a retail establishment serving individual or group servings of food and/or drink to patrons for consumption on the premises and having a service and seating area (including bars and cocktail lounges) of at least twice the area of the food preparation area. The definition of restaurant shall not include fast food establishments as otherwise defined in this Code." A video gaming café that serves packaged foods could technically fall under this current definition of restaurant; therefore, Staff recommends that the revised definition of restaurant ensures that the cooking and preparation of foods through the use stoves, ovens, fryers and related equipment are principal functions of the restaurant use. In contrast, the service of alcohol and food would incidental to the operation of video gaming.

New Use Category - Similar and Compatible Uses

The proposed text amendments will also introduce new use categories to Sections 9-6A-1, 9-6A-2, 9-6B-1, 9-6B-2, 9-6C-1, 9-6C-2, 9-6D-1 and 9-6D-2 of Title 9 – Zoning Title that would create a catch all use category "Similar and compatible uses" for those uses that are not listed as a permitted use or special use in the business zoning districts. The determination of what constitutes "similar and compatible" shall be made by the Village Administrator or his/her authorized designee. The new use category would alleviate the Village from amending the Zoning Code each time the Village encounters a similar or compatible use that is not listed in the Zoning Code.

Proposed Amendments

1. Add the following definition to Section 9-2-2:

"VIDEO GAMING CAFÉ:

An establishment whose primary or major focus is video gaming and the service of alcohol and food is incidental to the operation of video gaming."

2. Delete the following definition of "Restaurant" in its entirety in Section 9-2-2 and in lieu thereof, the following language shall be substituted:

"RESTAURANT:

A retail establishment that is kept, used, maintained, advertised, and held out to the public as a place where meals are cooked and prepared in an adequate and sanitary kitchen located on the licensed premises using stoves, ovens, fryers, and related equipment located on the licensed premises and which are protected by a fire protection system that conforms with the Village Code. The sale of packaged food such as potato chips, pretzels, popcorn, peanuts, or other similar snacks or frozen packaged food shall not be considered food prepared and served on premises, as required herein."

3. Add "*Video Gaming Café*" to the following sections of the Zoning Ordinance in the appropriate alphabetical location:

Section 9-6B-1 as a permitted use (or Section 9-6B-2 as a special use) in the B-2 zoning district.

Section 9-6C-1 as a permitted use (or Section 9-6C-2 as a special use) in the B-3 zoning district.

Section 9-6D-1 as a permitted use (or Section 9-6D-2 as a special use) in the B-4 zoning district.

4. Add the following new use category to Sections 9-6A-1, 9-6B-1, 9-6C-1, and 9-6D-1 of the Zoning Ordinance as the final use category under the list of permitted uses:

"Similar and compatible uses which are of the same general character as the above permitted uses, as determined by the Village Administrator or his/her authorized designee."

5. Add the following new use category to Section 9-6A-2 of the Zoning Ordinance as the final use category under the list of special uses:

"Similar and compatible uses which are of the same general character as those as allowed as special uses in the B-1 zoning district. Determination of what constitutes similar and compatible shall be made by the Village Administrator or his/her authorized designee."

6. Add the following new use category to Section 9-6B-2 of the Zoning Ordinance as the final use category under the list of special uses:

"Similar and compatible uses which are of the same general character as those as allowed as special uses in the B-2 zoning district. Determination of what constitutes similar and compatible shall be made by the Village Administrator or his/her authorized designee."

7. Add the following new use category to Section 9-6C-2 of the Zoning Ordinance as the final use category under the list of special uses:

"Similar and compatible uses which are of the same general character as those as allowed as special uses in the B-3 zoning district. Determination of what constitutes similar and compatible shall be made by the Village Administrator or his/her authorized designee."

8. Add the following new use category to Section 9-6D-2 of the Zoning Ordinance as the final use category under the list of special uses:

"Similar and compatible uses which are of the same general character as those as allowed as special uses in the B-4 zoning district. Determination of what constitutes similar and compatible shall be made by the Village Administrator or his/her authorized designee."

Public Hearing and Recommendation

The Plan Commission conducted a public hearing on this petition at their November 6, 2019 meeting. The following members were in attendance: Chairman Dan Kopp, Vice Chairman Wagner, Commissioners Ruffalo, Kaucky, Soukup, Remkus and Walec. There were no members of the public that came forward with public comments.

The Plan Commission's vote was unanimous in recommending approval of the proposed text amendments. The commissioners noted that they had reviewed a similar request in regards to the video gaming use in 2016 and acknowledged that the Village Board ultimately did not agree with their 2016 recommendation to allow the video gaming café use in the Village. Chairman Kopp expressed support for the video gaming café use, and agreed with Staff's recommendation to assign the video gaming café as a permitted use. However, the Chairman did not agree with the ½ mile distance limitation between video gaming cafés since it would be protecting one business, particularly a video gaming café that was the first to open. Vice Chairman Wagner concurred.

The Plan Commission did not express any opposition to the remaining proposed text amendments, the revised definition of restaurant and the introduction of a new use category "Similar and compatible uses" to the list of permitted and special uses in the business zoning districts. The Plan Commission voted 7-0 in favor of the proposed text amendments, with the exception of the ½ mile distance limitation between video gaming cafés, to forward a positive recommendation to the Village Board.

Staff Recommendation

Staff believes the requirement of a special use within the business zoning districts would be too onerous of a process for potential applicants wishing to open up a video gaming café within the Village. The special use approval process will require notification of surrounding property owners and a public hearing before the Plan Commission which can be a minimum 60-day process at a minimum. Permitted uses, on the other hand, would allow applicants to fill out an application and be approved with a building license or permit. Video gaming cafés would further be subject to the consideration of a liquor license and approval by the Village Board.

The Plan Commission would be limited in the types of conditions it could impose on a video gaming café, as the Plan Commission does not have the authority to limit the hours of operation, the number of video gaming terminals, the number of licenses, or set license fees. These would be under the purview of the Village Board. Additionally, Staff will propose amendments to the Willowbrook Video Gaming Code and Liquor Code to regulate these establishments by introducing a liquor license tied exclusively to video gaming cafés, limiting the number of these licenses and proposing a minimum distance between video gaming cafés. Given these reasons and the fact that the State already heavily regulates these types of businesses, Staff does not recommend that the video gaming café to be assigned as a special use.

Staff also recommends approval of the new use categories "Similar and compatible uses" to capture uses that are not explicitly enumerated in the list of permitted and special uses in the Zoning Code. This will reduce the

number of text amendments (and Staff time) devoted to the text amendment process. The determination of what constitutes "similar and compatible" shall be made by the Village Administrator or his/her authorized designee. Any ambiguous use that is not contemplated by the zoning code will be further discussed between Village departments before determining if said use would require the initiation of a text amendment.

The following sample motion was provided in the staff report for the Plan Commission:

Based on the submitted petition and testimony presented, I move that the Plan Commission recommend to the Village Board approval of the text amendments presented on Pages 6 and 7 of the Staff Report for PC Case Number 19-09 to define and allow "Video Gaming Café" as a (CHOOSE "PERMITTED" OR "SPECIAL") use in the B-2, B-3 and B-4 Zoning Districts, to amend the current definition of "restaurant", and to add new use categories "Similar and compatible uses" to the list of permitted and special uses in the business zoning districts.

The following motion made by Remkus was seconded by Walec and approved on a unanimous 7-0 roll call vote of the members present:

Based on the submitted petition and testimony presented, I move that the Plan Commission recommend to the Village Board approval of the text amendments presented on Pages 6 and 7 of the Staff Report for PC Case Number 19-09 to define and allow "Video Gaming Café" as a permitted use in the B-2, B-3 and B-4 Zoning Districts, with the exception that the ½ mile distance limitation between video gaming cafés be deleted, to amend the current definition of "restaurant", and to add new use categories "Similar and compatible uses" to the list of permitted and special uses in the business zoning districts.

Annually, by state statute 40 ILCS 5/3-143, the Police Pension Board is required to report to the municipality the financial condition of the pension fund at the end of its most recent fiscal year (4/30/2019). The report is used when determining the amount of taxes to levy to fund police pension benefits, although the Village has historically not levied a property tax and instead funded the police pension expenditures through General Fund sources.

At the October 30, 2019 police pension board meeting, the attached report was presented to and accepted by the pension board. The report contains excerpts from the police pension fund financial statements and actuarial valuation, which was also presented and accepted at the meeting.

The report notates the statutory minimum contribution of \$720,154 or 33.33% of covered payroll, calculated in accordance with the Projected Unit Credit actuarial cost method. The actuary's recommendation is **\$1,074,713** in municipal contributions (**49.74%** of covered payroll) for the 2020/2021 fiscal year, in accordance with the Entry Age Normal actuarial cost method, the accepted method under accounting standards and what the Village has historically followed for funding purposes. The actual investment return for the fiscal year ended April 30, 2019 was 6.61% and the Police Pension plan is 72.87% funded.

The current contribution for FY 2019/2020 is \$986,858 or 50.57% of covered payroll.

ITEM COMMENTARY (BACKGROUND, DISCUSSION, KEY POINTS, RECOMMENDATIONS, ETC.)

The police pension board voted to approve the report at the October 30, 2019 pension board meeting and formally request **\$1,074,713** as the annual municipal contribution from the Village of Willowbrook for the FY 2020/2021 police pension fund benefits and administrative costs.

The Village board will determine during the budget process what amount to contribute into the police pension fund for FY 2020/2021.

ACTION PROPOSED: ACCEPT THE REPORT

Required Reporting to the Municipality

To comply with 40 ILCS 5/3-143, each Downstate Police Pension Fund is required to prepare a report indicating various statistics of the pension fund. Various items in the report are "actuarial in nature" and, therefore, to avoid errors by the fund, we include a "draft required report" as part of the actuarial valuation package.

Items contained in this report are taken directly from the source data used to prepare the actuarial valuation and from the current and prior actuarial valuation reports prepared by our firm.

Some Pension Boards use this report as the formal request for the tax levy. PLEASE BE ADVISED THAT THIS REPORT IS NOT INTENDED TO REPLACE THE FORMAL REQUEST BY THE FUND. Particular attention should be paid to the "Employer contributions and all other sources" in item 2 and the "estimated amount required to meet the annual requirements of the fund" in item 3(b), both of which are completed based upon the calculated statutory minimum contribution as required by the statute. **These items are not based upon the recommended minimum contribution calculated by our firm and presented in the accompanying actuarial valuation report.**

We strongly suggest that a separate formal request for tax levy be submitted by the Pension Board to the municipality. Your Board attorneys should be consulted for the preparation of this formal request.

WILLOWBROOK POLICE PENSION FUND INVESTMENT POLICY

PURPOSE

The investment of pension funds is the responsibility of the members of the Board of Trustees of the Willowbrook Police Pension Fund (Pension Board). The purpose of this investment policy is to:

- Indicate a conscious, formal effort by the Pension Board to develop, implement and monitor the investment of pension funds;
- Define and assign the responsibilities of all parties involved;
- Establish the relevant investment horizon for which the Pension Fund will be managed;
- Offer guidance and limitations to all Investment Managers regarding the investment of Pension Fund
- Communicate the Pension Board's policy views on management of pension funds to the public, participants, and beneficiaries of the Willowbrook Police Pension Fund (Fund);
- Establish long-term expected rates; and
- Establish a basis of evaluation investment results.

In general, the purpose of this investment policy is to outline a philosophy which will guide the investment management of the assets toward the desired results. It is intended to be sufficiently specific to be meaningful, yet flexible enough to be practical. This document is intended to serve as a reference tool, an operating code, and a communications link between the Board of Trustees, its staff, and its investment professionals.

SCOPE

This policy governs the investment practices and applies to all financial transactions of the Willowbrook Police Pension Fund (Pension Fund).

OBJECTIVES

The Pension Board has a fiduciary responsibility to discharge its duties with respect to the Pension Fund solely in the interest of the participants and beneficiaries as set forth in the Illinois Pension Code.

Safety of Principal – Preservation of principal is the foremost objective of the Pension Board. Investment transactions shall seek to first ensure that large capital losses are avoided. Additionally, the objective of the Pension Board is to avoid erosion of principal resulting from securities defaults.

Return on Investments – The Pension Board seeks to attain or exceed market rates of return on investments consistent with constraints imposed by safety objectives, cash flow considerations and Illinois Laws that restrict the placement of public funds.

Maintenance of Public Trust – All participants in the investment process shall seek to act responsibly as custodians of the Pension Fund. Investment officials shall avoid any transactions that might reasonably impair Pension Fund participant's confidence in the Pension Board's ability to manage the Pension Fund.

Liquidity – The assets shall be sufficiently liquid to meet the Pension Fund's disbursement requirements for the payment of operating expenses and benefits.

RESPONSIBILITY

Management of the investment program is the responsibility of the Pension Board. No person may engage in an investment transaction except as provided under terms of this policy established by the Pension Board.

The Treasurer of the Pension Fund shall be responsible for establishing internal controls and written procedures for the operation of the investment program. (30 ILCS 230/2.5(a)(7)).

The Pension Board will generally be responsible for the following:

- Complying with applicable laws, regulations, and rulings.
- Selecting all qualified investment professionals.

- Monitoring and evaluating investment performance and compliance with this Policy.
- Reviewing and suggesting changes, as needed, to this Policy.
- Establishing and reviewing the appropriateness of the Pension Fund's asset allocation policy.
- Taking action according to this policy.

The Pension Board may appoint an investment manager (as defined in 40 ILCS 5/1 – 101.4) to assist in the management of the investment program. The investment manager shall acknowledge, in writing, that he or she is a fiduciary with respect to the Pension Fund. Any such written acknowledgement shall be attached to this policy or included in the agreement between the Pension Board and the investment manager.

The Pension Board will meet with the investment manager quarterly to review market conditions and to determine investment strategy. This review will include analysis of the investment portfolio, its effectiveness in meeting the Pension Fund's needs for safety, liquidity, rate of return, and diversification, and its general performance.

PRUDENCE

The standard of prudence to be used by investment officials shall be the "prudent investor" and shall be applied in the context of managing the portfolio. Investments shall be made with the care, skill, prudence and diligence that a prudent person acting in like capacity and familiar with such matters would use in the conduct of an enterprise of like character with like aims.

PROHIBITED TRANSACTIONS

A Fiduciary with respect to the Pension Fund shall not:

1. Deal with the assets of the Pension Fund in his or her own interests or for his or her own account.
2. In their individual or other capacity effect any transaction involving the Pension Fund on behalf of a party whose interests are adverse to the interests of the Pension Fund or the interests of its participants or beneficiaries.
3. Receive any consideration for his or her own personal account from any party dealing with the Pension Fund in connection with a transaction involving the assets of the Pension Fund.
4. Knowingly cause or advise the Pension Fund to engage in an investment transaction when the fiduciary (i) has any direct interest in the income, gains, or profits of the investment advisor through which the investment transaction is made or (ii) has a business relationship with that investment advisor that would result in a pecuniary benefit to the fiduciary as a result of the investment transaction. (40 ILCS 5/1-110)

Investments of the Pension Fund will be registered in the name of the Pension Fund and placed with a custodian approved by the Pension Board so long as the custodian meets the requirements of state statutes.

PERFORMANCE MEASUREMENTS

Performance will be calculated using professional standards as established by the CFA Institute. The Pension Board may include (but is not limited to) the following benchmarks for evaluating the Pension Fund's performance:

Application	Benchmark
Cash Equivalents	U.S. Treasury Bills (90 day)
Fixed Income	Barclay's U.S. Government Index
Fixed Income	Barclay's U.S. Government/Credit Index
Large Capitalization Equities	Standard & Poor's 500 Stock Index
Small Capitalization Equities	Russell 2000 Stock Index
International Equities	Morgan Stanley Capital International Europe/Australia/Far East Index

The investment performance of total portfolios, as well as asset class components, will be measured against said benchmarks. The Trustees reserve the right to terminate a manager for any reason including, but not limited to, the following:

- Investment performance which is significantly less than anticipated given the discipline employed and the risk parameters established, or unacceptable justification of poor results.
- Failure to adhere to any aspect of this statement of investment policy, including communication and reporting requirements.
- Significant qualitative changes to the investment management organization.

CONTROLS

The Pension Board maintains Pension Fund books and records in conformance with generally accepted accounting principles. Internal controls shall be reviewed by the Pension Board and may be reviewed by an independent auditor. The controls shall be designed to prevent losses of public funds arising from fraud, employee error, misrepresentation by third parties, or imprudent actions by employees and officers of the Pension Board.

DIVERSIFICATION / STRATEGY

Fixed Income

The average maturity/duration of the portfolio will be managed based upon the current existing interest rate environment. Under most circumstances the average maturity and duration of the portfolio will be maintained at approximately 5.0 years and will range from 2.0 years to 7.0 years. This type of strategy will often result in increasing the maturity/duration of the portfolio when interest rates are rising and decreasing the maturity/duration of the portfolio when interest rates are declining. The investment manager may change the duration of the portfolio as market conditions permit.

The allocation guidelines, by asset class, for the fixed income investments are as follows:

	Normal Allocation	Range of Allocation
U.S. Treasury Bills/Notes/Bonds	30%	0-100%
U.S. Government Agency Securities (non-MBS)	35%	0-70%
U.S. Government Agency Securities (Callable)	10%	0-30%
U.S. Government Agency Securities (MBS)	5%	0-10%
Taxable Municipal Securities	10%	0-20%
Certificates of Deposit	0%	0-20%
Investment Grade Corporate Bonds	10%	0-30%

Under normal market conditions the structure of the portfolio will be within these limits. However, the portfolio manager may diverge from the above guidelines due to abnormal market conditions.

Equities

Once the Pension Fund reaches the equity allocation approved by the Pension Board and permitted by law, normal asset allocation range for equity portfolio allocation weightings should be:

	Normal Allocation	Range of Allocation
U.S. Large Company Stocks	70%	40 - 100%
U.S. Small Company Stocks	20%	0 - 40%
International Stocks	10%	0 - 20%

The Pension Fund asset allocation should be rebalanced at least annually when the equity allocation rises above the maximum allowable as a percentage of assets as defined by Illinois State Statute.

LONG-TERM EXPECTED RATES (as required by GASB 67)

Annually, as of the fiscal year end date of the Pension Fund, the Investment Manager shall provide the Pension Board with Long-Term Expected Rates as required by GASB 67 at or before the next regularly scheduled pension board meeting. (The Long-Term Expected Rates as of the date of the signing of this policy are attached after the signature page. Future annual updates will be maintained in the files of the Pension Fund).

COLLATERALIZATION

It is the policy of the Pension Fund to require that all deposits in excess of FDIC insurable limits (applies to bank Certificates of Deposit and other cash deposits) be secured by collateral in order to protect deposits in the event of the bank's default. Eligible collateral instruments are U.S. Government Securities, Obligations of Federal Agencies, Obligations of the State of Illinois and/or local and municipal bonds rated "A" or better by Moody's. Collateral must be evidenced by a written agreement and held in safekeeping by a third party.

CUSTODY AND SAFEKEEPING OF INVESTMENTS

Third party safekeeping is required for all securities owned by the Pension Fund (40 ILCS 5/1-113.7). Custody arrangements shall be documented by an approved written agreement. The agreement may be in the form of a safekeeping agreement, trust agreement, escrow agreement or custody agreement.

ETHICS AND CONFLICTS OF INTEREST

Any fiduciary with respect to the Pension Fund shall refrain from personal business activity that could conflict with the proper execution of the investment program, or which could impair his or her ability to make impartial investment decisions.

REPORTING

At least quarterly, the Treasurer shall submit to the Pension Board an investment report which shall describe the portfolio in terms of investment securities, maturity, cost, transactions and earnings for the current period. The Treasurer shall also submit a comprehensive annual report on the Pension Fund and its activity.

MEETING SCHEDULE

The Pension Board shall schedule periodic meetings for the purposes of portfolio and investment manager review. Special meetings may be called from time-to-time by the Pension Board.

AUDIT

Pension Fund is subject to periodic examination by Illinois Department of Insurance-Public Pension Division.

FILING

The Board shall file a copy of this policy with the Illinois Department of Insurance, Public Pension Division within thirty (30) days of its adoption. The Board shall make a copy of this Policy available to the public at the main administrative office of the Pension Fund. (40 ILCS 5/1-113.6; 30 ILCS 235/2.5(c))

INDEMNIFICATION

The Pension Fund may indemnify and protect the trustees, staff and advisors against all damage claims and suits, including defense thereof, when damages are sought for negligent or wrongful acts alleged to have been committed in the scope of employment or under the direction of the trustees. However, the trustees, staff and advisors shall not be indemnified for willful misconduct and gross negligence.

ITEM HISTORY (PREVIOUS VILLAGE BOARD REVIEWS, ACTIONS RELATED TO THIS ITEM, OTHER HISTORY)

The Village of Willowbrook has the corporate authority, through the Illinois Liquor Control Act, to regulate the number, classification and license fee authorizing the retail sale of alcoholic liquor within the Village. It is in the best interest of the Village to amend Section 3-12-5 to provide that the number of liquor licenses available in the Village equal the number of liquor licenses in use.

The attached ordinance would amend Section 3-12-5 to add in Section 3-12-5-1 “Reduction of Licenses” to read as follows:

Whenever a license previously issued under the provisions of this chapter is revoked, surrendered, or terminated by dormancy as herein provided, the maximum number of local liquor licenses in that license class shall automatically and immediately be reduced by one. Thereafter, the number of reduced local liquor licenses for that class shall not thereafter be increased without approval by a majority vote of the Mayor and Board of Trustees.

The Kerry Piper has officially closed and this ordinance will automatically reduce the number of liquor licenses available in that category by one license with this closing.

STAFF RECOMMENDATION

Staff recommends that the Village consider this ordinance amendment as presented. This amendment will provide the Village with the desired control to regulate liquor licenses in the best interest of the Village.

ACTION PROPOSED: Adopt Ordinance.

ITEM HISTORY (PREVIOUS VILLAGE BOARD REVIEWS, ACTIONS RELATED TO THIS ITEM, OTHER HISTORY)

The Village is looking to hire a contractor to help with 2019/20 snow season. The Village has always had a contractor to help with the removal of snow due to the limited staff size of four (4). The Village has solicited contractors for pricing for snow removal service for the 2019/20 snow season. The following is a summary of equipment and prices from three (3) different vendors.

NJ Ryan	H&R Construction	Falco's Landscaping
Pickup truck with plow \$115 per hour	Pickup truck with plow \$125 per hour	Pickup truck with plow \$120 per hour
Bobcat with pusher box \$140 per hour	Case with pusher box \$155 per hour	Bobcat with pusher box \$140 per hour
6-wheel dump truck \$85 per hour	Mack dump truck \$125 per hour	1-ton dump truck \$120 per hour
Combo Loader \$160 per hour	CAT loader \$155 per hour	Bobcat loader \$140 per hour
Dump truck with salt spreader \$145 per hour	H&R does not have equipment to spread salt	1-ton pickup with salt box \$140 per hour
Laborer \$75 per hour	Laborer \$82.50 per hour	Laborer \$75 per hour
Staffing up to 10	Staffing up to 6	Staffing up to 5

The equipment listed above is comparable even though the type of equipment has similar functionality. The price per vehicle includes a driver. The separate laborer charge is utilized if the Village requires hand work such as snow removal on sidewalks at public buildings. This is something that occasionally happens if the public works staff is on the streets doing the plow routes and time does not allow them to get to the public buildings to shovel the sidewalks. It is at the discretion of the public works staff as to when to call out the contractor. On smaller events, the public works staff may be able to handle the snow removal in-house. The Village has budgeted \$60,000 for the snow removal contract for the past three (3) years. The Village spent \$73,300 in FY 2017/18 and \$66,263 in FY 2018/19. Attached are the complete price listings from the three (3) contractors.

STAFF RECOMMENDATION

The Village has been using H&R Construction to do our snow removal for 25 plus years. They have been very reliable and have always been timely in their practices. One limitation with H&R Construction is that they do not have the equipment to spread salt. This requires our public works staff to go back over that area that H&R Construction recently plowed and salt the streets. This type of work causes a duplication of man hours, extra wear on Village vehicles and strains our limited staff during heavy snow events. The Village would supply salt to the contractor to use in town with the understanding that whatever salt is not used be returned to the public works facility before the contractor leaves town. The Village requires the contractor to be on-site within one (1) hour of a call-in for snow removal service. The Village would require that snow removal equipment be stored in Willowbrook or in a surrounding community for ready access.

Staff recommends using NJ Ryan based on their ability to spread salt, their staff size and providing the most competitive hourly rates. The Village has utilized NJ Ryan on other projects and have found their services acceptable.

ACTION PROPOSED: Adopt Resolution.

THE VILLAGE OF WILLOWBROOK**

This Agreement, dated this 11th day of November, 2019, by and between N.J. Ryan Tree & Landscaping, LLC (the "CONTRACTOR"), and the VILLAGE OF WILLOWBROOK (the "VILLAGE") and in consideration of the mutual covenants contained herein, agree as follows:

RECITALS

WHEREAS, the VILLAGE may require assistance from an outside contractor for snow and ice control services for the 2019/2020 winter season for the VILLAGE roads and streets as set forth in this Agreement; and

WHEREAS, the VILLAGE desires to contract with CONTRACTOR for the purpose of providing said snow and ice control services for the 2019/2020 winter season on an as-needed basis.

NOW THEREFORE, in consideration of the promises and the mutual covenants herein set forth, and other good and valuable consideration, the sufficiency of which is hereby mutually acknowledged, it is agreed as follows:

1. DEFINITIONS

"VILLAGE" shall mean the Village of Willowbrook, DuPage County, Illinois.

2. DURATION OF AGREEMENT

CONTRACTOR agrees to furnish and provide all labor and equipment designated necessary to provide snow removal and ice control measures for municipal roads and streets in the VILLAGE commencing on November 15, 2019 and ending April 30, 2020.

3. WINTER ROAD CONTRACTOR CHARGE

The VILLAGE shall pay CONTRACTOR an hourly rate as set forth in Exhibit "A", attached hereto and made a part hereof, for all work performed. The per-hour rate includes the cost of equipment provided by CONTRACTOR and the cost of the equipment operator or driver. Labor charges for hand-shoveling of snow will be billed separately at the "Laborer" rate.

Snow removal, whether by plowing or hand-shoveling shall be billed separately. Salting operations, which are done concurrently with snow plowing, must be separately indicated as such on invoices. Salt shall be provided by VILLAGE.

4. STANDARDS FOR SNOW REMOVAL AND SALTING

- A. CONTRACTOR shall report and be on-site and ready to commence snow removal and salting operations within one (1) hour of notification by the Village Public Works Department. CONTRACTOR shall not undertake any snow removal or salting operations without express direction of the Village Public Works Department.
- B. VILLAGE shall provide CONTRACTOR with a schedule of streets, sidewalks and other areas for snow removal and/or salting.
- C. Within twenty-four (24) hours after completion of snow plowing, snow removal and/or salting operations, CONTRACTOR shall contact the Village Public Works Department, at a telephone number to be provided by the VILLAGE, to report the equipment employed and the starting time and ending time of the manpower and equipment used in services provided.
- D. Snow plow blades must be capable of removing snow to within approximately one-quarter (1/4) inch of the paved surface. A "bare pavement" policy will not be used.
- E. CONTRACTOR shall provide the Village Public Works Department with a twenty-four (24) hour a day access telephone number to contact CONTRACTOR or its designated supervisor throughout the duration of the Agreement.

5. SALTING

- A. If and when salting is required, salt shall be applied by CONTRACTOR to streets and other areas designated by the Village Public Works Department when authorized by the Village Public Works Department. As salt is so detrimental to the VILLAGE streets and sidewalks and causes road replacement earlier than necessary, all efforts will be made to limit salt use. CONTRACTOR will clear salt mounds in excess of even distribution within four (4) hours after receiving notice that such a condition exists.
- B. Salting operations, when requested, must commence immediately after the final snow plow pass has been made or as directed by the Village Public Works Department. Salting operations should be applied at a rate and ratio to be determined to by the Village Public Works Department and may be adjusted by the Village Public Works Department, depending on conditions. All trucks should be equipped with controls to adjust the volume and rate of the salt spreading.

- C. Any questions as to the meaning or intent of any of the above provisions should be directed to the Village Public Works Department.

6. INDEMNIFICATION

- A. To the fullest extent permitted by law, CONTRACTOR shall indemnify and hold harmless the VILLAGE, its officers, officials, agents, volunteers, and employees from and against all claims, damages, losses, and expenses, including but not limited to attorneys' fees, arising out of or resulting from the services to be provided by CONTRACTOR to the VILLAGE, as detailed herein, provided that such claim damage, loss or expense is attributable to bodily injury, sickness, disease or death, or to injury to or destruction of tangible property, including loss of use resulting therefrom, but only to the extent caused by negligent or willful acts or omissions of CONTRACTOR, anyone directly or indirectly employed or contracted by CONTRACTOR. Such obligation shall not be constructed to negate, abridge, or reduce other rights or obligations to indemnify which would otherwise exist as to a party or person described in this paragraph. Sickness or injury to employees of CONTRACTOR that arise out of and in the course of the employee's employment shall be subject to the provisions of the Illinois Workers' Compensation Act and Occupational Diseases Act.

- C. CONTRACTOR understands and agrees that any insurance policies required by this Agreement, or otherwise provided by CONTRACTOR shall in no way limit the responsibility to indemnify, keep and save harmless and defend the VILLAGE, its officers, officials, agents, volunteers, and employees as herein provided.

ITEM HISTORY (PREVIOUS VILLAGE BOARD REVIEWS, ACTIONS RELATED TO THIS ITEM, OTHER HISTORY)

The FY 19-20 Budget for the Municipal Services Department includes the replacement of two (2) Public Works service vehicles. The Public Works Division requests to replace two (2) existing Ford F350 service body trucks. The 2006 unit has 118,494 miles and the 2008 unit has 162,550 miles. Both vehicles are one-ton rated pick-up trucks outfitted with a service body. The Village's long-range plan anticipates a 5-year replacement cycle for public works vehicles, making them both overdue for replacement. In addition, both vehicles have reached their useful lifespan and are beginning to experience maintenance issues requiring costly repairs.

To obtain replacement vehicles, the Village has historically utilized the Suburban Purchasing Cooperative (SPC), which is a joint purchasing program for local governments. The vehicles available for purchase within this program were obtained through a competitive bidding process of three area dealerships. Through this program, the Village could obtain these two (2) replacement vehicles at set prices. Historically, the Village has also made an effort to offer this business to our local Ford dealership, if possible. Therefore, Willowbrook Ford was contacted and asked to also provide price proposals on the same vehicles. This year's low bidder is Willowbrook Ford in Willowbrook, Illinois.

Vehicle	Budgeted Amount	Suburban Purchase – Currie Motors Price	Willowbrook Ford Price	Westfield Ford
2019 Ford F-350 XL 4x2 One-Ton Pick-Up Truck	\$30,500	\$30,604.00	\$30,437.00	\$35,353.81
2019 Ford F-350 XL 4x2 One-Ton Pick-up truck	\$30,500	\$30,604.00	\$30,437.00	\$35,353.81

Willowbrook Ford came in as the lowest bid under Westfield Ford and the SPC Currie Motors. In addition, the vehicles would be purchased locally, thereby supporting a Willowbrook business.

STAFF RECOMMENDATION

The total amount budgeted for each pick-up truck with service body was \$56,196 or \$112,392. The trucks will need to be upfitted with the service body in addition to the base pick-up truck. This was taken into consideration when the new trucks were budgeted. A separate agenda item with the cost of the service body will be presented at a future Board meeting.

The base warranty covers 3-years and 36,000-miles. A 7-Year 60,000-mile warranty with no deductible was recommended by the Municipal Services Committee and is priced at \$3,625.00 per vehicle. This is the same warranty program that the police department uses on the new vehicles that they purchase. The extended warranty was not considered when the trucks were budgeted this past April. The Resolution attached is for the base pick-up truck with the extended warranty for \$34,062 per vehicle or \$68,124 total.

ACTION PROPOSED: Adopt Resolution.
