### Willowbrook Police Department announces Labor Day “Drive Sober or Get Pulled Over” campaign results

Willowbrook, IL – *The Willowbrook Police Department* issued two seat-belt citations, one child safety seat citation, and 19 other citations including speeding, distracted driving, and Scott’s Law violations during the recent Labor Day enforcement campaign to increase safety on Illinois roads. In addition, there were two traffic arrests made for unlicensed drivers.

Nationally in 2018, a total of 10,511 people were killed in drunk driving crashes, making up nearly one-third of all traffic fatalities that year. More than 10,000 people have died as a result of impaired driving each of the last 4 years in the United States.

*Willowbrook Police Department* joined forces with enforcement agencies and highway safety partners throughout the state for the enforcement effort. The statewide “Drive Sober or Get Pulled Over” and “Click It or Ticket” campaigns are made possible by federal highway safety funds administered by the Illinois Department of Transportation.

The Willowbrook Police Department is currently utilizing Panasonic Toughbook CF-31 mobile data terminals (MDTs) in each squad car. These MDTs were manufactured in 2015 and put into service later that year. Currently we are facing software compatibility issues and problems associated with procedural changes due to the COVID-19 Pandemic. Based on recommendations from our village contracted IT professional, it was advised that we investigate options for replacing or upgrading our current MDTs.

#### BACKGROUND

Nationally, the relationship between the public and law enforcement has been placed in a precarious position, with fractures in partnerships being highlighted across the country through swift media channels. Video cameras are accessible to nearly everyone by way of smart phones and there is no shortage of individuals capturing video interactions between police and the communities they serve. There is a disparity in this equipment's availability, in that officers are not afforded the opportunity to provide video from their field of view in real-time unless they are equipped with body-worn cameras (BWC) or are in the presence of their in-car video system. The department has utilized in-car camera systems for over two decades, but limitations exist, and the need has been identified for a more comprehensive camera approach. Providing officers with wearable cameras offer the community a high level of transparency and provides the judicial system with additional evidence availability. Also, important, BWCs offer supplementary insight into how officers' decision-making capabilities positively impact the community. The *Law Enforcement Officer-Worn Body Camera Act* has been developed by the state of Illinois to guide policy development for those agencies seeking to implement a BWC program. The stage has been set for police departments to begin adopting this technology into their day-to-day practices.

### OFFICER JOSEPH LAVALLE

On Wednesday August 19<sup>th</sup>, 2020 at approximately 12:32am, Officer Lavalle conducted a stop on a black Jeep Grand Cherokee for a traffic violation. During initial contact with the driver, Officer Lavalle observed several open alcohol containers in plain view and the odor of cannabis emitting from the vehicle. The driver and his passenger were then asked to step out of the vehicle, at which time the driver admitted to having a gun in his vehicle. The driver was then detained, and the vehicle was searched for contraband.

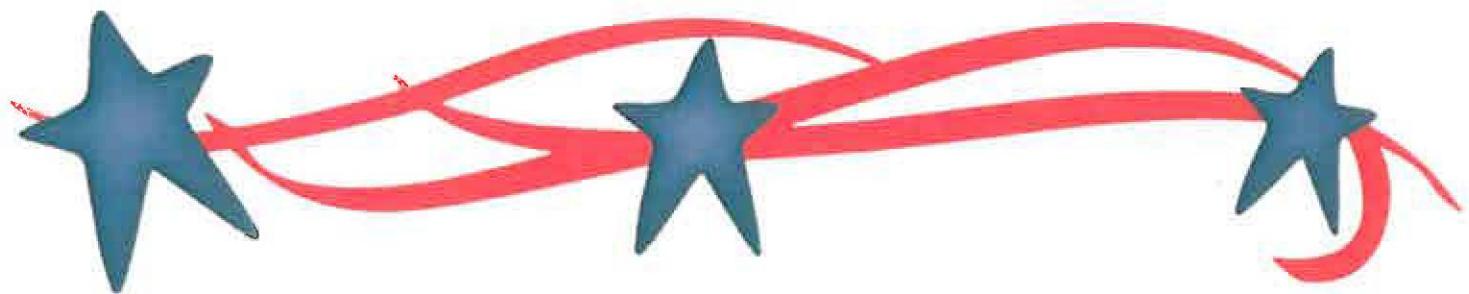

Subsequent search of the vehicle and driver yielded numerous suspected cannabis infused vapor cartridges, open alcohol containers, numerous pills, a small plastic bag containing suspected cocaine, and a loaded revolver. After further follow up and field testing of the suspected narcotics, the offender was charged with one felony count of Possession of a Controlled Substance and one felony count of Aggravated Unlawful Use of a Weapon along with other traffic violations.

Officer Lavalle should be recognized for his hard work and attention to detail. His diligence in seeing this case through until the end, led to an illegally possessed firearm and controlled substances being taken off of the streets of Willowbrook.

Dear Liquor License Holder:

As Halloween approaches, Ghosts, Goblins, and Trick or Treaters fill our neighborhoods. Unfortunately, costumes might present a problem for your business.

Please take appropriate measures to identify costumed customers within your establishment. The fact that a person is wearing a costume does not relieve your responsibility to properly confirm their age.

If our police staff can provide any assistance, please do not hesitate to call our dispatch center at (630) 325-2121.

Sincerely,

Robert Schaller
