Methodology Overview

CALEA serves as the premier credentialing association for public safety agencies and provides accreditation services for law enforcement organizations, public safety communication centers, public safety training academies, and campus security agencies. The standards are promulgated by a board of 21 commissioners, representing a full spectrum of public safety leadership. The assessment process includes extensive self-assessment, annual remote web-based assessments, and quadrennial site-based assessments. Additionally candidate agencies are presented to the Commission for final consideration and credentialing.

CALEA Accreditation is a voluntary process and participating public safety agencies, by involvement, have demonstrated a commitment to professionalism. The program is intended to enhance organization service capacities and effectiveness, serve as a tool for policy decisions and management, promote transparency and community trust, and establish a platform for continuous review.

CALEA Accreditation is the Gold Standard for Public Safety Agencies and represents a commitment to excellence.

Law Enforcement Accreditation

CALEA standards reflect the current thinking and experience of Law Enforcement practitioners and researchers. Major Law Enforcement associations, leading educational and training institutions, governmental agencies, as well as Law Enforcement executives internationally, acknowledge CALEA's Standards for Law Enforcement Agencies® and its Accreditation Programs as benchmarks for professional law enforcement agencies.

CALEA's Founding Organizations:

- **International Association of Chiefs of Police (IACP)**
- **Police Executive ResearchForum (PERF)**

EXECUTIVE SUMMARY

Site-Based Assessment Review:

From 8/2/2021 to 8/4/2021, Phil Crowell and Randy Jones visited the agency following a consultation with the chief executive officer regarding critical issues impacting the organization since the last assessment. These issues were identified as:

- **RECRUITMENT** - Recruitment of qualified candidates will continue to be a challenge for law enforcement agencies in the upcoming years. Willowbrook PD is committed to being engaged in the community, providing enhanced training opportunities to the staff, and ensuring wages and benefits are comparable with surrounding agencies. Willowbrook Village recognizes that having a positive workforce will be the deciding factor when a candidate is making a choice of employment.
- **SUCCESSION PLANNING** - It will be a challenge for the organization when 38% of the workforce becomes eligible for retirement in 2022. Chief Schaller and his team are planning well and feel confident that the agency will be prepared for future departures of key personnel.
- **USE OF FORCE** - The agency is closely tracking mandates and requirements recently passed by the Illinois legislature (Illinois SafeT Act) that will affect use of force reporting and investigations, training, de-escalation, duty to intervene, officer certification/decertification, body worn cameras, and complaint reception.
- **TRAINING AND CAREER DEVELOPMENT** - Agency leadership should be commended for selecting the Police Training Institute (PTI) as their basic entry level police training program. Instilling the philosophy of community policing, respect for each other, and maintaining a high ethical/moral compass is very evident in this training environment. By exposing new officers to this structure for their first 14 weeks of training, it sets the foundation for a great police officer and a high performing, highly respected police department.

During the Site-Based Assessment Review, the assessment team conducted 58 interviews regarding the topical areas previously defined. The interviews were with agency members and members of the community. The approach not only further confirmed standards adherence, but also considered effectiveness measures, process management and intended outcomes.

COMMUNITY PROFILE

Willowbrook is a small village known for its exceptional services, low taxes and convenience to the metro Chicago region. Located at the nexus of Route 83 and I-55, it's a short five mile drive along Route 83 north to the regional business center of Oak Brook and the I-88 corridor, a quick 15 mile drive east along I-55 to Midway International Airport and only a few minutes from Argonne National Laboratory. Willowbrook's prime location and accessibility to many regional destinations makes it an attractive location for residents, office / commercial companies and light industrial businesses such as Turtle Wax, whose corporate headquarters are located in Willowbrook. The 8,540 residents live primarily in owner-occupied homes having a median value of over \$215,000. The population is comprised of 78% Caucasian, 13% Asian, 5% Hispanic, 4% African American.

Despite its small size, Willowbrook is well served by an abundance of hotels and thriving retail centers, including the newly constructed Willowbrook Town Center. Willowbrook's superior quality of life is further enhanced by the Village's well-kept ten community parks, the treasures of the nearby Waterfall Glen Forest Preserve, the excellent public schools of the Hinsdale Township High School District 86 (and its elementary school feeder districts) and the established urban fabric where every Willowbrook home is part of a neighborhood and part of the community.

AGENCY STRUCTURE AND FUNCTION

The Willowbrook Police Department is comprised of 23 full-time sworn police officers including the Chief of Police, Deputy Chief, four sergeants, three patrol units, two detectives and three full-time civilian employees in the Central Records Division. The patrol units work 8 hour shifts and each have an assigned Sergeant and Officer in Charge.

AGENCY SUCCESSES

The Police Department applied and was awarded a DOJ COPS Grant that will increase police staffing to 26 officers. The Police Department started a lateral transfer hiring program in order to alleviate any potential staffing issues with potential retirements. The Department continues on transitioning less seasoned officers into leadership roles and responsibilities. For example, the FTO, Defensive Tactics, Taser and O/C instructor responsibilities have previously been assigned to supervisors and now we have trained junior officers to take on these roles while the senior officers take a mentoring role.

FUTURE ISSUES FOR AGENCY

Future issues have not changed, staffing issues due to retirements and officers leaving seeking a larger police departments is still an issue. Recruitment is an ongoing issue, obtaining qualified candidates in a very competitive job market makes hiring and retaining candidates in a smaller department difficult.

SITE-BASED ASSESSMENT

10/5/2021

Planning and Methodology:

The Willowbrook Police Department embraces planning and goal setting informally. The agency does not conduct a multi-year plan, however, they identify areas of focus and develop broad goals and objectives to meet the necessary deliverables for certain programs. It is strongly suggested that the agency does not opt out of compliance with this standard in the future.

The agency is aware of the police reform initiatives and is working towards making progress in these areas. In the month of November, the agency will have deployed the new body worn cameras to all sworn staff. This initiative is a priority of the village trustees who allocated the funds to initiate this reform in advance of a budgeting timeline for the village.

The agency has a police commission which includes three citizen members appointed by the mayor. The agency will need to explore how to use the commission for excessive use force complaints or issues as it pertains to equity. The agency is prepared to meet these challenges appropriately.

RECRUITMENT

The Willowbrook Police Department has a recruitment program which has established a primary objective of equitable competition with other law enforcement agencies to recruit the highest caliber personnel available. This is also done with the aid and cooperation of the Village Human Resources Department and the Board of Police Commissioners. Collectively, all three work together with the purpose of establishing an eligibility list for filling sworn positions as they become available. In years past, the recruitment officers have participated in job fairs, career fairs, college visits throughout Illinois, advertisements online, and developing new strategies to recruit individuals from all types of backgrounds.

In 2020, due to the pandemic, all in-person recruitment activities were put on hold. Beginning in October of 2020, the Willowbrook Police Department started advertising for its first lateral entry list. Utilizing targeted online advertising, as well as their existing social media audience, the application notice was released. This application period resulted in a lateral list of seven officers from agencies throughout Illinois. One officer already completed the field training program.

Standards Issues:

N/A

Suggestions

Willowbrook PD should seek opportunities to enhance the explorer program for youth cadets. This program is a great recruitment feeder into law enforcement and specifically into Willowbrook PD where relationships have been established.

In speak with a representative of IOSolutions, it was shared the agency currently charges a fee for applications. The agency should weigh the impact in waiving this fee to remove all roadblocks an applicant may have in apply to the agency for employment.

SUCCESSION PLANNING

In 2022, the agency will have 38% of their sworn workforce eligible for retirement. Not only will these retirements be

from the more tenured sworn staff, but it will also include sergeant level and officers holding positions as training officers or evidence technician.

Recognizing the potential deficit this could leave the department in, Chief Schaller initiated the succession planning process. In their monthly staff meetings, administration and sergeants discuss the roles that may need to be filled, as well as the officers that might best fit those needs. Once identified, steps are taken to start preparing the officer for the new role while allowing the time to work with the senior officer to ensure a smooth transition.

Standards Issues:

N/A

Suggestions

A forward-thinking approach taken by the agency was to make notification for special designations although there was no current vacancy. This has provided the opportunity for newer officers with less experience to shadow a more senior member to perform the necessary function. This has been beneficial for the agency and the officers appreciate this opportunity for career advancement as well.

Continuing to seek solutions that are outside of the box will be important for the agency.

USE OF FORCE

The agency does not historically experience many uses of force on an annual basis. During the last five years, the agency used force as infrequently as twice in one year and as high as 14 in another year. Five of the incidents in 2020 were for the destruction of an injured animal. Prior to the COVID-19 pandemic, the agency was conducting monthly controlled force training, monthly firearms training, and annual less lethal training. Personnel seem well trained, equipped, and have an excellent understanding of the agency use of force policy. All uses of force are investigated by a first line supervisor or officer in charge (OIC) and their findings are submitted to the deputy chief for administrative review and submission to the chief of police.

Standards Issues:

N/A

Suggestions

Use of Force is one of the most vital elements relating to police reform. The agency should consider a public education program/social media publication on their use of controlled force training to emphasize their de-escalation efforts. They should explore reporting software to capture use of force reporting, officer complaints/awards, departmental crashes, officer involved shootings/firearms discharge, early warning system tracking/alerts, officer complaint investigations, and reporting analytics. They should also consider a policy change to not classify the destruction of an injured animal as a use of force and consider the acquisition of a training simulator for use of force training scenarios. They should recognize funding restrictions, research grant opportunities, neighboring agency partnerships, or a more frequent request for simulator training. Lastly, the agency should engage the mayor and village trustees in the legislative requirements and the value of these training systems and policy changes.

TRAINING AND CAREER DEVELOPMENT

The agency's field training program (FTO) is extremely comprehensive, utilizing the Sokolove Model. Officers who recently completed the program (both new and lateral officers) stated the program prepared them for handling their job duties. The only concerns expressed by these officers were some inconsistencies and expectations between FTOs on how tasks should be completed, utilizing sergeants as FTOs, resulted in a lot of downtime for the trainee and FTOs not allowing flexibility on task completion. (i.e., "for context only" not allowing a trainee to complete a phase 3 task in

phase 2, even when a call for service presented itself). In speaking with the recently appointed FTO program managers and the deputy chief, all were very aware of some program inconsistencies and have been diligently working to ensure program consistency, recruit new FTOs, and maintain the highest quality of training for the program. All new officers interviewed were very complimentary of the training opportunities afforded them, the ability to rotate shifts prior to permanent shift assignment, and the willingness of all agency personnel assist them and help them succeed.

Standards Issues:

N/A

Suggestions

The agency should consider adding a junior executive level officer at the rank of lieutenant/captain to assist the deputy chief with the voluminous administrative duties. This position should report to the deputy chief, supervise the three sergeants, and handle administrative duties assigned by the deputy chief (i.e., use of force review, training, mentoring first line supervisors, regular inspections of personnel, facilities and equipment, staff inspections, body camera and in-car camera systems, research and development for training and equipment, etc.). This will allow the deputy chief to serve in a more senior executive capacity, establish a career path for future leaders, and assist the chief of police with accomplishing his vision for the police department.

NEWS RELEASE

Police Department Invites Public Comment for Accreditation Assessment

(Willowbrook, IL) – The Willowbrook Police Department is scheduled for a virtual site-based assessment as part of a voluntary program to achieve re-accreditation by verifying it meets professional law enforcement standards.

Administered by the Commission on Accreditation for Law Enforcement Agencies, Inc. (CALEA), the accreditation program requires agencies to comply with over 400 state-of-the-art standards in four (4) primary areas: policy and procedures, administration, operations, and support services. CALEA assessors will review policies and written material, interview individuals, and virtually observe and tour the agency's facility where compliance can be witnessed.

As part of the assessment, Village employees and members of the community are invited to offer comments directly to the CALEA assessment team. Comments are limited to ten (10) minutes and must address the Willowbrook Police

Department's

ability to meet CALEA Standards. Comments may be provided in several ways:

☐ At a Public Information Session on Tuesday, August 3, 2021 at 2:30 p.m. in the Willowbrook Police Department Training Room located at 7760 S Quincy ST, Willowbrook (current CDC guidelines will be followed). Attendees will communicate directly with CALEA assessors using a virtual connection (Zoom Meeting ID:856 4158 0388; Passcode:165966).

☐ Via telephone by calling (630) 920-2433 on Tuesday, August 3, 2020, between 4:30 p.m. and 6:30 p.m. The telephone line will be forwarded directly to a CALEA assessor and will not be recorded or monitored by Willowbrook Police personnel.

☐ In writing to The Commission on Accreditation for Law Enforcement Agencies, Inc. 13575 Heathcote Blvd. Suite 320, Gainesville, Virginia, 20155-2215

☐ By email to calea@calea.org. Please include Willowbrook, IL Police Department, in the subject line.

The Accreditation Manager for the Willowbrook Police Department is Nancy Turville. The assessment team is composed of law enforcement professionals from similar, but out-of-state agencies. The assessors will review written materials, conduct interviews of personnel and community members, and view an in-depth video about the department. The certified CALEA Assessors assigned to Willowbrook's assessment are Phillip Crowell, City Manager, Auburn, ME (Team Leader) and Accreditation Manager Randy Jones of the Fort Myers Police Department.

Once the Commission's assessors complete their review of the agency, they will report back to the full commission, who will then decide if the agency is to be granted accredited status at the CALEA Conference in November 2021.

Community Outreach Contacts

Laura Gilmartin, Principal of Holmes Primary School, and Gina Rodewald-Gower were very complimentary of all the officers they interact with. They stated the police department is always available to assist with whatever request the schools make. They would like to expand the relationship with the police department and have their officers interact more with students during various events and activities at the school.

Alice Jara & Leslie Simerl are the Property Managers of Knolls Condominium Community. Both interviewees were very complimentary of their interactions with the police department. They both stated officers are always professional and willing to assist with problems or concerns. They advised at times newer officers confuse the condominium complex with an apartment complex, leading to some confusion and frustration on the authority of the property managers. Both agreed they would like to see more patrols by officers in the community and for the police department to re-engage in attending condo association meetings to meet with residents and answers questions. Additionally, they both expressed, if possible, that they would like to be made aware of police activity and incidents occurring within the community. They advised the department used to provide a report of activity to the condo management team allowing them to keep residents informed and assist with problem properties or owners.

We spoke with several Village Trustees Ruffolo, Mistele, Berglund, Davi, and Neal. All trustees were very complimentary of the police department and the leadership team. They expressed that the agency keeps the trustees apprised of all activities, expenditures, and requirements. They are all very proud of their police department and feel it is very professional and one of the best in Illinois.

John Adolph is with the Chamber of Commerce. He appreciates that the agency has invested in accreditation. Meeting standards by professionals brings credibility to the agency and the community. He would like the chief to come to a chamber meeting and discuss the accreditation process and the value it brings to the organization.

Taylor Latz is the senior property manager for Lake Hinsdale Village. Lake Hinsdale is made up of nine associations. One end of the complex is gated but the other end is open, so police often respond for trespassing issues. The officers' responses to these complaints has been excellent. The agency has implemented a community policing unit which allows for the same officers to be assigned to the area. This approach is strengthening relationships and improving services. He would like the agency to continue with the regular safety briefing at the association meetings and for the village to issue some type of identification for those who have registered for solicitation to confirm to the community that the person is approved.

Mayor Frank Trilla is proud that accreditation is part of the police department environment. He said the agency is not just "checking the boxes". He has found comfort in the CALEA program, especially with what is being portrayed across the nation with law enforcement.

Staff identified a strategic goal in 2021 to complete a Citizen Survey focusing on all service areas within the Village. The goal of the survey was to ask the residents of Willowbrook how satisfied they are with the performance, programs, and services delivered by the Village. The information collected provides a performance-based report card for the Board and staff. The results of the survey allow staff to focus on areas of improvement.

The comments and answers to the survey will also be used by staff to develop their strategic priorities and budget goals over the next two years with the Board. Staff looks to complete this survey every two years.

Methodology

Response percentages were calculated based on the total number of responses to an individual question. Where the response “Don’t Know” was offered as an option, this response was excluded from the calculations, but was included as a percentage of the total respondents.

Open ended questions were analyzed by tagging each response, based on its content, with the affected department. The comments were then categorized into general themes. Depending on the content of each response, some had only one tag, while others were tagged with multiple categories. For example, in the “Comments” area, a response of “...address our concerns about the street flooding after heavy rains, culverts, and CH water Co issues” was categorized under “Public Works” for both “Flooding” and “Water”.

Administration		To recap...better Police visibility and enforcement. Code enforcement for substandard housing. Traffic 75th St Fast and Furious speeders. Garbage around parkways...DNA test the litterbugs and fine? If sign says NO DOGS...enforce, cite...Help our homeless, panhandlers...Encourage transparency with Village...after all...we citizens made some awesome choices over the past 15 years...NO to theater, gun range...to Sterigenics...YES to Target and Pete's...Realize that we are not a large Village...that we have green space and some new homes that are awesome...that we are a Village with an opportunity to say no to problems that plague high density, poor communities...Willowbrook can descend into a Village with its head in the sand...waiting for citizens with a lawyer to get justice OR it can get ahead of the situation...and with its wonderful Police (especially the CAN DO evening crew), hardworking Public Works Dept and the best code enforcement (only after citizens complain???) people...Village should not be afraid of enforcing rules...they apply to everyone...and if they are not enforced...you will get a Village that in another 5 years will be full of people who flaunt law enforcement, don't pay their fair share and drive out families and seniors.
Administration		We hope Village goes in the positive direction that its neighbors Darien, Clarendon Hills, Hinsdale and Westmont have...Touch A Truck, Family Fun, Small businesses, strict code enforcement and Village News updates. We want to welcome young families and seniors who want to stay in their homes, people with and without pets and maximize outdoor activities in the Village...BUT there are problems in the Village related to unchecked ordinance violations and people KNOW that the Village will not cite
Administration	Commendation	So far everything is good. No complaint of any kind.
Administration	Commendation	Love Willowbrook! Its schools and low property taxes Love Sterigenics gone! <i>Comment on question 52 - re: satisfaction with receipt of info from Village</i>

Administration	Communication	Would like to see the village hall have at least one day a week when they are open later than 4:30. Or even one Saturday a month where they have hours from 8-1. This will allow citizens the opportunity to speak with someone in person to conduct their business, purchase sticker, pay a bill, obtain permits, etc.
Administration	Communication	Make it easier to sign up for the News & Events email <i>(This comment originally left as suggestion to improve website. #49)</i>
Administration	Communication	There is virtually no communication to us residents with news or about things happening except for the twice annual Fun Guide. I subscribe to the Willowbrook Nixle Alerts - but rarely is anything sent. I learned far more about covid from Burr Ridge's Nixle and basically nothing from Willowbrook - especially when we had such a terrible start with Covid and our Willowbrook retirement home crisis. For example, we just had a carjacking in Willowbrook - why weren't we alerted? I learned five days after the fact through Nextdoor Neighbors. Shouldn't I hear important things like this directly from my Village?
Administration	Communication	Re: Question 49: You can't assume people will visit / use your website. You have to PUSH information to residents (Nixle, etc). BTW, the section for comments about this above does not work above in the survey and no one can type in comments.
Administration	Communication	Never heard about the "News & Events" email. How were we supposed to learn of this? I cannot find any information about this on your website or how to sign up.
Administration	Communication	Thank you for asking for Community Feedback!
Administration	Communication	<i>Rarely Comment on question 50 - re: Viewed Channel 6 (resident indicated "yes")</i>
Administration	Communication	More information on the Covid 19 problems
Administration	Finance	None. Stay in your budget. <i>comment entered on question #24 re: additional revenue sources</i>
Administration	Finance	Separately, you are taxing us the half penny per tax dollar. With all the corporate taxes in our community, why did you feel compelled to do this? Did you give away too many TIFs and have to charge the residents for the shortfall? The tax also creates less incentive for people to move into Willowbrook. We were proud to be known as a tax free Village.

Administration	Finance	Re Questions 23 & 24: fiscal responsibility. If the demand for services required additional revenue: Learn to only spend only what's in your budget. I do not wish to see any more residential development within Willowbrook. We are overcrowded as is. Traffic is awful.
Administration	Finance	Do not increase the municipal expenses this will keep taxes low
Administration	Finance	Keep taxes low and don't borrow any money (sell bonds)
Administration	Finance	Living in the same house 50 years have cancer & on little funds to keep up my property. Can't believe the neighbors do not care about their property or others. But Thank you for the ouse (sic) Tax Breaks its wonderful!!!
Administration	Miscellaneous	No concerns at this time
Administration	Recycling	Many of the stores/businesses in our area sell items that are bio/hazard items and don't provide receptacles for re-cycle return. Our present waste collectors do not accept <u>plastic bags</u> for example. We have no locally convenient (sic) place to drop off these items, such as batteries, paint, fluorescent lights, etc. If these stores disperse these things, they should provide re-collection facilities.
Administration	Social services	Met man walking down 75th St/Eleanor...introduced himself as a panhandler...can we help these people get off the streets and into a motel overnight...seems there are known homeless couples in Borse Park...and neighborhood drug dealers walking around school zone
Administration	Survey	The online survey only allowed you to print out a copy. There was no submit button.
Administration	Survey	This survey was extremely difficult to complete - some fields you could not type into and pages kept jumping around. You cannot properly complete the question 45 for Parks & Recreation - you can only check one box per column. I wanted to give all sections as Excellent. (<i>Note: Response tally updated to indicate resident's preference.</i>) Most people will give up trying to complete it. Use the free version of Survey Monkey next time.

Parks	Activities	Would like to see more activities for resident (who work, Willowbrook is not a retirement community) in the evening to participate in. At one time, the village offered evening yoga. It was a wonderful program. Once they built the new village hall many of the programs were only listed during the day time. If residents are working and not retired, how is one to participate? I would like to see my taxes being used for activities I could participate in.
Parks	Activities	I know with Covid village activities have been halted and I understand the situation. Going forward, when the situation allows, I encourage the village to add EVENING activities so tax paying citizens can participate. If you work in the city, by the time you get home it is 6 P.M. So offering an activity at 6:30 would be feasible.
Parks	Activities	Not seeing much in park district programs except sports. What happened to yoga, zumba, dance, day trips?
Parks	Commendation	Mr. Fenski (sic) always responsive with my emails regarding our parks or sidewalk situations
Parks	Condition	Clean the Pond!!! Pick up trash 2x a week!!!
Parks	Condition	I would also like to see Ridgemoor Park landscaped more. Also more picnic tables. The Park and Rec dept. said new playground equipment should be installed in the fall, 2021.
Parks	Condition	The property behind my home is Ridgemoor Pond. I would like to see an erosion prevention program and a beautification of this space. I have had to do all the beautification and erosion control myself. \$\$\$\$\$
Parks	Maintenance	Please have dog waste trash cans and waste bags available at the parks <i>Comment on question 45 - re: level of satisfaction with Parks & Rec</i>
Parks	Maintenance	Need recycling bins at parks
Parks	Regulations	We love the peace and quiet that our area of Willowbrook affords...seems Village also does not monitor noise, and unless citizen calls NonER 911...we would appreciate Village having patrol officers go through parks periodically and at closing...meet with neighbors to enhance communicate...

Planning	Development	We have owned a SIGN SHOP in Oakbrook Terrace for 31 years. We work with Westmont Park District, Clar. Hills Park District, OB Terrace Park District, Elmhurst Park District, River Forest Park District. We have had very little work with our Hometown. Please make an effort to "patronize your Residents." <i>(Resident included his business card with survey)</i>
Planning	Development	Currently the only concern we have is the future of Stratford Green condominium complex. I know it is unincorporated Willowbrook. On two occasions a large real-estate corporation tried purchasing the complex and turn it into an apartment complex. I <i>(sic)</i> the village aware of this? What are the advantages and disadvantages of their plan? We own a condo there and live in the neighborhood. We are aware that the complex has somewhat deteriorated over the years but would regather <i>(sic)</i> have owners than renters live there.
Planning	Development	There needs to be a plan in place to revitalize the older commercial properties along plainfield from madison to RTE 83. and south on Madison to I55. The majority of those buildings are an eyesore.
Planning	Development	Introduction of better quality shopping would be greatly appreciated. Same applies to restaurants. Wood <i>(sic)</i> like to see less fast food, less healthy food restaurants. At least one fine dining restaurant wood <i>(sic)</i> be appreciated.
Planning	Enforcement	Neighbors can put up fences wherever on other people's property - plus do not trim there <i>(sic)</i> trees that are growing on others property. Planning	Enforcement	<i>After Sterigenics Comment on question 7 - re: overall quality of life</i>
Planning	Enforcement	Petes still has not activated the permanent signal on Plainfield. I understand this is a county issue, but three years to complete this aspect of that construction project is unacceptable. Petes did do a very nice job of landscaping that property.
Planning	Permits	When we replaced our patio, working with the village's outsourced permit review company was very unpleasant. They were rude, provided incorrect information, and condescending toward my wife. Also, billed in excess of estimated amount. I complained to the village and received an apology from you, but the company you use was very unprofessional.
Policing	Communication	We believe we have too many police officers
Policing		I subscribe to alerts and follow Willowbrook PD on social media, yet I never hear about crime until much after the occurrence and usually through Nextdoor. There should be real-time alerts to notify the public.
Policing	Communication	No suggestions. Everyone I've talked to at the Village has been helpful. Only time we ever had confusing responses occurred on a weekend when we needed Public Works for a downed tree branch out by the street and the non-emergency contacts at the Police Dept advised us to call 9-1-1 which was not helpful nor a good use of the officer's time. He tried but he did not know what to do. The firemen who showed up had even fewer ideas of what to do and they both gave us quite a stern lecture about wasting resources for events like that. I guess I change my mind - one suggestion - give the desk workers at the non-emergency police number some reference info for non-emergency events. Calling 9-1-1 isn't always the best course of action. Thank you :)
Policing	Communication	<i>Resident marked all responses as "Poor" and added comments on questions 11-17 re: Police as follows: Attitude and behavior –Terrible, Feelings of safety and security – Zero, Helpfulness and ability to solve problems – None, Response time – I read a book on last 911 call while waiting, Efforts regarding criminal activity – Police are afraid of the criminals</i>

Policing	Enforcement	We love dogs, cats, even see a deer couple times a year...but signs in park saying NO DOGS seem to be unenforceable...there are many stray cats around...and some people feel it is OK to walk their dogs through yards and on walks without leashes or collars...signs throughout our part of Village insinuate that it is a neighborhood watch and if we see something, we report...Willowbrook should not turn a blind eye to crime...to repeat offenders...to overcrowded rental units and substandard housing..
Policing	Enforcement	Police respond very quickly...and are greatly appreciated...but there is almost zero problem solving...ZERO. Police on EVENING shift are AMAZING...Police on DAY shift rarely cite trespass, noise, dog issues...have they been trained to avoid?

Policing	Safety	Better security. CC Cameras at key points to reduce criminal activity
Policing	Soliciting	The Village needs a "No Soliciting" sign to distribute (sic) to citizens. It should be made available online and in the Village Hall. The Village of Willowbrook should charge for soliciting. Please keep times during daylight. No dusk or nighttime hours.

Policing	Traffic	I have noticed that the traffic has significantly increased on Madison street in the last 5 years. This is most likely do to the signalization on Rte 83 working poorly during peak periods. I have seen the traffic backed up to 63rd street on Madison starting at noon. Some suggestions would be to lower the speed limit, 35 is too fast because that is an excuse to go 45 in the minds of some motorists. Perhaps adding signs that state "local traffic only" may help and limiting truck traffic to certain hours would also help.
Policing	Traffic	Speeders on sidestreets <i>Comment entered on question #15</i>
Policing	Traffic	More in 10 years <i>Comment on question 10 - re: major disadvantages of living in Willowbrook, Traffic Problems</i>
Policing	Traffic	I would also like to see police monitoring on Route 83 during rush hours. 7-8 am and 4-6pm because the amount of cars that go 20 mph over the limit is ridiculous.
Policing	Traffic	The flashing stop signs at the intersection of Waterford and Rogers is useless and basically annoying. Get rid of it.
Policing	Traffic	Improve traffic flow on/between 83rd & Plainfield esp. at busy times - rush hour
Policing	Traffic	On more than one occasion I have seen cars come close to colliding on Midway by the park. Most of that length of road is 20 MPH. People use it a short cut to avoid 75th/83. They drive like they don't live here, which is probably true. A simple "20 MPH, strictly enforced" sign would likely get driver's attention.
Policing	Traffic	Please have Village STOP the speeding and noise that is DAILY as sports cars race on 75th Street ala Fast and Furious...at speeds exceeding 80 miles per hour with backfiring along the way...although 75th Street is DuPage County road...WB monitors
Policing	Vacation watch	Police vacation watch program is excellent. We recently used this and our Ring doorbell notified us every day they stopped by. Excellent process, the checked the doors and our backyard. Well done!
Public works	Commendation	AJ Passero does a great job!
Public works	Communication	Needed assistance in getting a cable line raised on a high line pole. Village assisted me in getting in contact w/ appropriate cable company to resolve the issue. Very helpful!

Public works	Enforcement	After living here for more than 35 years, I find that so much concern is put into the houses north of 59th Street on Virginia Avenue.
Public works	Enforcement	Wish it was a requirement to bring in empty garbage containers on garbage pick up day
Public works	Enforcement	There are many families moving into willowbrook who are absolutely clueless about what is required to maintain a single family property. The families I know of I try to help with recommendations etc. It would be nice if the village could put together a welcome brochure that would cover the basic aspects of home ownership. For example: Trash collection - how to contract with Groot, What time is appropriate to place the garbage at the curb, Maintaining yards with regular mowing, watering of grass Shrub maintenance and weeding of yards List of contractors licensed in Willowbrook who can provide repairs/remodeling etc Removal of dead trees and landscaping from property. Fence repair Painting...ETC
Public Works	Flooding	street flooding after heavy rains. culverts in need of repair, water repair issues with CH water <i>Comments entered under #9 Major disadvantages.</i>
Public works	Flooding	I have water surrounding my home, front and backyard. Have had water in my window water wells the last two heavy rains. Never had problems in back yard until rocks were put in ditch next door. Which was done by first owners. 8 years ago. Called Public Works, "Joe". He never replied, as to how to fix this problem.
Public works	Flooding	67th Place has a drainage problem which causes insects and standing water. Would like to know when this will be fixed. Thank you!
Public works	Flooding	Flooding has always been a concern on Virginia Avenue in our area. The galvanized pipes on our street are not in alignment. In fact, the culverts at 5885 and 5895 slope the wrong way and this causes a lot of issues when it rains hard. Since it is not sloped properly, water comes back to the houses of 5875, 5865 and 5855 and the water rises half way up the driveways.

Public works	Flooding	Also, there is only ONE sewer on the EAST side of Virginia Avenue between 58th Street and 59th Street. All of the water from the north side of Virginia flows down to the sewer at 5875. That sewer CANNOT hold all the water plus the backup from the houses south that are flowing back the wrong way!
Public works	Flooding	street between 61st and Willowwood Ln got flooded whenever received (sic) heavy rain. It is very dangerous at night.
Public works	Flooding	<i>(Note: spelling and grammar as written by respondent)</i> At the street we live on we see flooding on a regular base, did contact your street maintenance dept. a few times, so they are aware of the problems, HOWEVER ABSOLUTELY NOTHING IS BEEING done about it!! We get flodded at least twice a year with water in garrage and basement, a few of your "engineeers" bin out to survey but again NOTHING is done, we still get flooded, now on both sides of out property, for the idiotically high property taes we have to pay this is so not acceptable! But it does not matter how much I cry and complain the situration gets worse very year and for the third time NOTHING is done about it, its offensive to me how much nobody cares, I guess its not your property so who cares, right?
Public works	Flooding	We would appreciate a Village contact to address our concerns about the street flooding after heavy rains, culverts, and CH water Co issues.
Public works	Maintenance	Have not noticed :(<i>Comment on question 30 - re: beautification projects</i>
Public works	Mosquito	Lastly, does the village spray for mosquitos?
Public works	Mowing	I understand that the village has taken over the maintenance of county property along Plainfield and Madison. The county previously cut the grass 2-3x per month. The contractor hired by the village only comes when I complain Has not been out on Madison for over 5 weeks as of today. At this point the grass is so tall, it gets blown to the curb when cut where it clogs the storm drains. I have to call to get this cleaned so flooding does not occur. Ask the contractor to increase mowings or bag the clippings.

Public works	Mowing	<i>(Note: respondent included a hand drawn map of the area referenced in her comments. Map scanned and forwarded to Public Works along with comments.)</i> STOP MOWING THIS AREA! <i>(with an arrow pointing to map)</i> Lots of native plants grow there and it's an ugly eyesore after you mow. Maybe IDOT mows there – if so a sign saying DO NOT MOW would work. Only interested in a response regarding this
Public works	Sidewalks	As a resident of Waterford and a walker, our sidewalks are terrible. I have tried to walk on street but they are just as bad. We need new curbs and gutters
Public works	Snow shoveling	Cramer Court gets no services
Public works	Snow shoveling	Great job on the snow plowing (we live in cul de sac) always well taken care of
Public works	Snow shoveling	Snow plowing used to be excellent but only for now. Very hard for seniors to plow last 3 feet of driveway. (frozen snow & salt from street is left) Some towns will plow 3 feet for residents
Public works	Snow shoveling	My husband and I have lived in Breton Lakes (63rd St./route 83) for over one year. We have a HOA and pay dues to maintain our landscaping, snow shoveling, etc. Our HOA fees are used to have our neighborhood streets shoveled. We found that shoveling often did not occur until later in the day since we hire a private service. Our concern is that if we live in Willowbrook, we would like the Village to shovel our streets. We think that would be done more timely than a private service and, perhaps, reduce our HOA dues. Thank you.
Public works	Stickers	We have Pete's and Whole Foods in Willowbrook but you can't buy stickers there. Why should we have to drive to Darien or Clarendon Hills to get stickers? Why can't village stickers be sold at more stores in WILLOWBROOK????
Public Works	Streets	Repave streets

Public works	Water	It's wrong that we non pay (in essence) a tax on water, and I believe you should charge each individual house the exact amount for what they use. I used to pay between \$18-\$20 / month until you changed to the minimum fee, I now pay \$87 every two months, which is clearly far more than I actually use - so you are "taxing" me on water. I don't want to subsidize my neighbors, or worse, have you keep the remainder of my payment for the Village. It's wrong. I should be charged for what I use. And, if I travel for a month or two, I should not have to pay for water I don't use.
Public works	Water	We would appreciate a Village contact to address our concerns about the street flooding after heavy rains, culverts, and CH water Co issues.

ITEM COMMENTARY (BACKGROUND, DISCUSSION, KEY POINTS, RECOMMENDATIONS, ETC.)

Staff, with the help of Ed Kalina, the Village's Owner's Representative and the Village's architect Nick Batistich, are prepared to release a bid for the remodeling of the Community Resource Center in November 2021. VILLAGE OF WILLOWBROOK

COMMITTEE OF THE WHOLE
AGENDA ITEM - HISTORY/COMMENTARY

ITEM TITLE:

ADULT USE OF CANNABIS AND EXISTING ZONING CODE

AGENDA NO. 8

AGENDA DATE: 10/25/21

STAFF REVIEW: Sean Halloran, Assistant Village Administrator

SIGNATURE: 

LEGAL REVIEW: Tom Bastian, Village Attorney

SIGNATURE: 

RECOMMENDED BY: Brian Pabst, Village Administrator

SIGNATURE: 

On September 23, 2019, the Board approved a recommendation from the Plan Commission regarding the use and location of recreational cannabis in the Village. The Village has the ability to ban the sale of recreational cannabis within the Village's limits, dictate the amount of legal dispensaries within the Village, determine how cannabis businesses are operated (such as hours of operation), and dictate the location of cannabis businesses as they relate to points of interest such as schools, churches, government buildings, and liquor stores. Certain local communities have responded by identifying one or more zoning districts where these facilities can be located given the State's parameters, then deciding whether to list them as permitted uses or special/conditional uses.

In 2019, the Board specifically approved the requirement of a special use for Adult-Use Cannabis Dispensing Organizations within the OR, LOR and M1 zoning districts to be the most appropriate process for consideration. This process will require notification of surrounding property owners and a public hearing before the Plan Commission. The Plan Commission would be able to recommend conditions to the proposed project before forwarding their recommendation to the Village Board for final approval. The intent of the special use process is to provide a transparent, public review process for land uses that, because of their widely varying design and operational characteristics, require case-by-case review in order to determine whether they will be compatible with surrounding uses and development patterns.

In the last two years, there have been several of Adult-Use Cannabis stores that have opened in DuPage County. Below is a list of communities that permit Adult-Use Cannabis stores outside their manufacturing district:

- Westmont
- Lombard
- Villa Park
- Oak Brook Terrace
- Addison
- Naperville

In the past year, staff has received inquiries regarding potential Adult-Use Cannabis stores. Due to the restrictive zoning, it has been difficult for business owners to locate potential property in the OR, LOR and M1 zoning districts. At this time, staff is asking if the Board is interested in allowing Adult-Use Cannabis store(s) in B-1, B-2, B-3 and B-4, or on a case-by-case basis. If the Board is interested in expanding the permissible zoning districts, staff will work with Houseal Lavigne, the Village's consultant, and will incorporate the feedback into the zoning code update project.

ACTION PROPOSED: Seeking Board feedback.
