MOTION DECLARED CARRIED

6. ITEMS FOR DISCUSSION:

a. ORGANIZED RETAIL CRIME SURVEILLANCE CAMERAS LICENSE AGREEMENTS

Deputy Kadolph began the discussion by providing a history of the grant award by the State of Illinois Attorney General's Office to assist in the Organized Retail Crime (ORC) program. He reviewed the Village's purchase of Mobile Pro Camera Systems and the deployment of same.

Two of the original property owners who had agreed to install the cameras withdrew from their respective agreements. With the cameras previously allocated to these properties now available, staff worked with alternate properties to reallocate the equipment.

Village staff is requesting approvals for a license agreement between the Village of Willowbrook and Willowbrook Square Management Co. Inc. to deploy two cameras, and a first amendment to the existing approved license agreement between the Village of Willowbrook and Hinsdale Lake Commons (Regency Centers, L.P.) to allocate a third camera on the property.

Trustee Davi wondered which properties had withdrawn their agreements. Deputy Kadolph indicated that both Target and Walgreens had been interested, but that after a review by their respective corporate offices, the agreement had been rescinded.

b. 2024 INFIELD MAINTENANCE CONTRACT WITH SPORTSFIELDS, INC WITH A PROPOSED COST OF \$13,300 TO BE A SHARED COST WITH BURR-RIDGE WILLOWBROOK (BRW) SOFTBALL

Director Kleefisch outlined a proposal for a shared cost contract with Burr Ridge-Willowbrook (BRW) Softball for a 2024 infield maintenance contract with Sportsfields, Inc.

He began the discussion by providing information on the services provided by Sportsfields, Inc. and background into the company. When Director Kleefisch approached BRW about splitting the cost of the maintenance, they were very enthusiastic.

Staff is looking for direction to formalize an agreement with BRW and Sportsfields, Inc. The Board agreed to the proposal.

c. AFFILIATE AGREEMENT BETWEEN THE VILLAGE AND BURR RIDGE-WILLOWBROOK (BRW) SOFTBALL

Director Kleefisch indicated that in the course of discussions with BRW, he attempted to locate previous agreements with the organization. He outlined the long-standing history between the Village and BRW but

indicated that he had been unable to locate any type of formal agreement between BRW and the Village at least as far back as 2014.

An affiliate agreement will recognize and memorialize the financial contribution from the organization to the Village. In addition, it is in both organizations' best interest to have a signed affiliate agreement to define each parties' role and provide clarification and protection to both parties regarding the agreement's scope and status.

Staff is seeking feedback and direction on entering into an affiliate agreement with the BRW Softball, Inc. The Board's consensus was to proceed with the agreement.

d. INTERGOVERNMENTAL AGREEMENT (IGA) BETWEEN THE BURR RIDGE PARK DISTRICT AND VILLAGE OF WILLOWBROOK

Director Kleefisch indicated that staff is looking for feedback and direction to update the Intergovernmental Agreement (IGA) between the Village and the Burr Ridge Park District.

Due to staffing and program changes in the Parks department, and as an overall review, he noted that he and the Executive Director of the Burr Ridge Park District have been in discussions to amend the agreement to better reflect the current spirit of the agreement and provide for future flexibility.

Some of the agreement highlights include avoiding direct competition or conflict with the other organization or outside parties detrimental to the other's interests in addition to working collaboratively to discuss and design future seasonal program offerings for the residents of each community. A major factor is to maintain the "resident rate" reciprocity with each other's programs. Each party will be provided with four (4) pages of content in the others seasonal programming guide, and each party will have the right to request non-publication of any programming, such as ads from outside groups.

The Board agreed the agreement should be updated.

e. UPDATE - WATER VALVE MAPPING PROJECT - TWiG TECHNOLOGY

Director Valent provided an update on the TWiG Technology map surveying project begun late last year. They are currently collecting data on the Village water system, including the valves, hydrants, hydrant valves and, most importantly, the water main.

Begun in November 2023, 154 valves have been surveyed through the end of January 2024. Of those valves survey, approximately 40%, almost 60+

valves, are in structures which prevent the data such as pipe size to be collected due to accumulated ground water, debris, dirt infiltration, or poor condition of the valve or pipe itself.

The solution is to remove these materials from the structures with specialized vacuum equipment to allow the visual survey to be completed. Without the specialized equipment, this project is beyond the scope of the Public Works department. Without this information, the mapping data produced would be incomplete and would require follow-up at a later date, which is not recommended.

To complete this work, three contractor proposals have been received, one of which provided an hourly rate with a not to exceed amount of \$19,800, to address the known 60+ obscured structures.

Although the cost of evacuation of the current known obstructions would fall under the purchasing authority of the Administrator, staff will be releasing an RFP (Request for Proposal) for this project as the expectation is that more obstructed valves will be found. The results of the RFP would be brought to the Board for approval. If the current obstructions were not to be addressed and resolved, the mapping project would end without a successful result. By seeking bids for the clearing process, staff anticipates finding more competitive pricing for future work.

In response to a question regarding the scope of the contract for the mapping, Director Valent indicated the contract includes locating up to 600 valves, 600 hydrants, and 42 miles of water mains, which should cover the entire Village.

Trustee Neal questioned whether this clearing process would improve the water flow. Director Valent indicated that no, this issue is unrelated to the hydraulics which regulate the flow of water in the Village. He noted that it would be of benefit in identifying valve locations and to recognize leaks within the water system.

Mayor Trilla wanted to know whether this process would help identify areas of water loss. Director Valent indicated that, yes, this mapping would certainly help identify leakage and breaks.

The Board agreed that Public Works should proceed with their plan to release an RFP for evacuation of the water system in those areas identified by the TWiG mapping project in need of clearing.

f. PARTNERSHIP WITH PLEASANTDALE PARK DISTRICT TO OFFER VILLAGE OF
WILLOWBROOK ACTIVE ADULT TRIPS

Director Kleefisch indicated that this is an opportunity for Willowbrook and Pleasantdale to offer trips to their residents not offered by their respective communities.

The Pleasantdale Park District only offers casino trips in their senior activities' programs. In an effort to expand the current offerings, and to broaden the range of Willowbrook's trip programs, staff is recommending partnering with Pleasantdale to offer Willowbrook trip programs to Pleasantdale residents and in return be able to offer their casino trips in the Willowbrook Active Adult program.

The Mayor asked if this was the third community that we were joining with to expand our participant base. Director Kleefisch indicated that Pleasantdale would be the fourth community, including Burr Ridge, Hinsdale, and Darien.

Consensus was reached on entering into an agreement with the Pleasantdale Park District to offer each other's senior trips.

7. ADJOURNMENT

MOTION: Made by Trustee Mistele and seconded by Trustee Ruffolo to adjourn the Committee of the Whole meeting at the hour of 5:51 p.m.

ROLL CALL VOTE: AYES: Trustees Astrella, Berglund, Davi, Mistele, Neal, and Ruffolo. NAYS: None. ABSENT: None.

MOTION DECLARED CARRIED

CONSIDERATION FOR DELTA MARIOTT WITHIN THE DUPAGE COUNTY VISITORS' BUREAU

STAFF REPORT

TO: Mayor Trilla and Board of Trustees
FROM: Sean Halloran, Village Administrator
THROUGH: Sean Halloran, Village Administrator

PURPOSE AND ACTION REQUESTED

Village staff is requesting feedback to permit membership for Delta Marriott within the DuPage Convention & Visitors' Bureau (DCVB).

BACKGROUND/SUMMARY

Staff and the Mayor were approached by a new management team at the Delta Marriott in the past couple of months regarding membership at the DCVB. The revenue generated from the Hotel Tax is estimated at \$353,000 in FY 2024-2025 from all hotels within the Village. As of now, the annual payment from the Village for Delta to become a member of DCVB will be \$4,125. The services that DCVB will provide include the following:

- Reports on trends, forecasts, research, and product development for the hospitality industry.
- ROI/economic impact reports from DCVB/DSC (DuPage Sports Commission) events.
- Inclusion in DCVB monthly, seasonal promotional, and integrated campaigns.
- Sales leads for sports groups, small meetings, seminars, wedding receptions, class reunions, family reunions, and more that may or may not have hotel rooms associated with the event.

FINANCIAL IMPACT

If approved, the Village will pay \$4,125 on an annual basis.

RECOMMENDED ACTION:

Staff are recommending approval and seeking a discussion with the Board.
