He also wants to get a key sponsor for next year. Sponsorship is key for marketing the race. Commissioner Landsman asked if the race makes any money. Chairman Pionke said that by itself, the 5K usually breaks even, but the kid's activities usually lose money. Commissioner Landsman suggested that the 5K race be linked to a fundraiser, she suggested the scholarship set up in the memory of former park commissioner Weigus. Chairman Pionke stated that this would be a great idea, as we do switch up who we donate to every couple of years. He also added that we were happy with the services of the new timing company.

Commissioner Landsman asked who plants the flowers at Prairie Trail Park, Commissioner Lazarski said it is her and her friend who do the north side sign. Interim Supt. Fenske stated that the fountains at both ponds were installed the week of April 11th. The one at Willow Pond is working, except for the lights, which is a timer issue. The one at Prairie Trail was not working due to a bad breaker. Also, at Prairie Trail, the water fountain was broken. The splash pad was tested and should be ready to open Memorial Day weekend. Commissioner Stetina asked if it would be possible to put out bigger garbage cans at Willow Pond. He also asked what the distance of the walking path is.

**DISCUSSION – Vending Machine at Borse Park**

**COMMISSION REVIEW**

Meeting Date:

July 9 2019

**BACKGROUND**

In February of 2015, Commissioner Landsman first brought up the suggestion of placing a vending machine by the concession stand at Borse Community Park. It was discussed by the Park Commission at that time. Former Supt. Violante shared her concerns about installing a machine there, which included: vandalism, low usage, and taking business away from the company that was manning the concession stand at that time. She also stated that she did a survey of neighboring districts, and from the responses, found a lot were removing machines due to vandalism and other problems. The Commission asked Former Supt. Violante to follow up with companies that could provide vending services. Interim Supt. Fenske was unable to find any follow up information on the subject.

**REQUEST FOR FEEDBACK**

Staff is asking for the Commissions thoughts on this subject.

**STAFF RECOMMENDATION**

Staff contacted All Around Vending of Downers Grove by phone, who supplies the Village with 3 machines, for information on what the cost of installing a machine would be, what the cost of product would be and upkeep of the machine would be.

Included in the packet is a picture showing the footprint of how much space a machine would take up in front of the concession stand.

Staff does not feel a vending machine at the park would be used as frequently as thought, and would be a continuous target for vandalism.
