RE: **Sterigenics Willowbrook Facility Stack Test**

Dear Director Messina:

Please accept this letter as my request that the results of the stack tests to be performed today and tomorrow at the Sterigenics Willowbrook facility be released to the public as soon as possible.

We understand that the stack test results must go through quality assurance prior to being finalized, but our residents have waited long enough to be told if the current pollution control configuration at each building is performing at the expected level.

As such, we ask that Sterigenics be required to provide finalized test results to the Illinois Environmental Protection Agency for release to the public by close of business on Wednesday, September 26, 2018.

As always, the Village appreciates your continuing efforts, and I look forward to your help on this very important matter.

Sincerely,

VILLAGE OF WILLOWBROOK
