RE: Invitation to Conduct Rule Making Public Hearings in Illinois

Dear Mr. Wehrum:

First, I would like to thank you and the United States Environmental Protection Agency (EPA) for holding the May 29, 2019 public meeting in Burr Ridge. We appreciate your efforts to share the latest information about Ethylene Oxide and Sterigenics.

At the public meeting it was stated that later this year there would be public hearings conducted by the EPA related to rule making, regulatory processes, and/or permit renewals. A request was made at the meeting that such public hearings be held in Illinois.

On behalf of Willowbrook Mayor Frank Trilla and myself, I would like to invite you to hold those hearings in Burr Ridge or Willowbrook. Both of our Villages are willing and able to assist the EPA with arrangements and support much like we did for the May 29 open house and public meeting. Given that the decisions to be made will greatly impact our communities, we believe it is imperative to bring the public hearings to the people of Willowbrook or Burr Ridge. Our residents deserve the opportunity to participate in this process.

Please contact Village Administrator Doug Pollock at (630) 654-8181, Extension 2000 or by email at dpollock@burr-ridge.gov to confirm receipt of this letter and to conduct any ongoing coordination.

Sincerely,

Gary Grasso
Mayor
