To the Mayor, Board of Trustees and Willowbrook Residents and Businesses:

The Comprehensive Annual Financial Report (CAFR) of the Village of Willowbrook (Village) for the year ended April 30, 2019, is hereby submitted as mandated by both local ordinances and state statutes. These ordinances and statutes require that the Village issue annually a report on its financial position and activity presented in conformance with generally accepted accounting principles (GAAP) in the United States of America and audited in accordance with generally accepted auditing standards by an independent firm of certified public accountants.

This report consists of management's representations concerning the finances of the Village of Willowbrook. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the Village has established a comprehensive internal control framework that is designed both to protect the Village's assets from loss, theft or misuse and to compile sufficient reliable information for the preparation of the Village of Willowbrook's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the Village's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The Village's financial statements have been audited by **BKD, LLP**, a firm of licensed certified public accountants. The goal of the independent audit is to provide reasonable assurance that the financial statements of the Village of Willowbrook for the fiscal year ended April 30, 2019, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting

principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the Village's financial statements for the fiscal year ended April 30, 2019, are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The Village's MD&A can be found immediately following the report of the independent auditors.

### **Profile of the Village of Willowbrook**

The Village of Willowbrook, incorporated in 1960, is a home rule municipality under the Illinois Constitution. The Village achieved home rule status via a voter referendum in April 2019. The Village is located approximately 16 miles southwest of downtown Chicago in southeast DuPage County and encompasses 2.3 square miles. The population as certified by a 2010 census is 8,540, a decrease from the previous population of 8,967.

An elected Mayor and Board of six Trustees govern the Village. The Mayor is the Village's chief executive officer and is elected to a four-year term. The Trustees serve staggered four-year terms. The governing body is elected on a non-partisan, at-large basis. The Village Board appoints a Village Administrator for direction of day-to-day operations. As of April 30, 2019, the Village has 40.5 full-time equivalent employees including 23 sworn Police Department personnel plus seasonal positions, as needed.

The Village provides a full range of services, including public safety, roadway maintenance, public improvements, planning and zoning, engineering and inspection, parks and recreation, and water services.

The annual budget serves as the foundation for the Village's financial planning and control. The Village operates under the appropriation act. The legal level of budgetary control is at the fund level where appropriated amounts on a fund level cannot be exceeded. Budget appropriations lapse at year-end and encumbrance accounting is not used by the Village; therefore, expenditures that are not substantially incurred by the end of the fiscal year must be reappropriated in the next fiscal year's budget. Additional information on the Village's budget process may be found in the notes to required supplementary information.

### **Factors Affecting Financial Condition**

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the Village operates.

Local Economy - The previous downward trend in the local economy has levelled off. State shared revenues, including income taxes and sales taxes, have been slowly rising over the past 6-7 years. The Village is fortunate to have a strong industrial and retail base with businesses such as Willowbrook Ford, Whole Foods, Target, Trane, Midtronics, Exclusive Windows and the Town Center and Willows developments highlighted below. Building permits have also been on the rise for 5-6 years as new developments have come to the Village and residential remodeling has increased. The Village does not have a general property tax to finance operations, however a small property tax (approximately \$75,000) is levied for special (park) recreation needs. Major revenue sources for the Village include sales taxes, state income taxes and utility taxes.

The Village had one Tax Increment Financing District (TIF) (Plainfield and Route 83) that was established in 1990 to promote a high-quality retail development, the Village Town Center, which expired during fiscal year 2014-15. This development was 100% occupied until the bankruptcy filing of the Sports Authority, however, in fiscal year 2018-19, that space (which was renovated by the developer into two units) reopened with Marshall's and Skechers stores. The development has a positive financial impact on the Village through receipts of sales taxes and places of eating taxes. Some of the larger retailers in the center include Michael's, Staples and Bed Bath and Beyond. Restaurants include Portillo's, Panera Bread Co., Buffalo Wild Wings, Meatheads, Chipotle Grill and Chick-Fil-A. This project also included over \$3,700,000 in developer funded public improvements.

During fiscal year 2016-17, the Village established its first business district, located at Route 83 and Plainfield Road. The district encompasses the Village Town Center noted above and the adjacent property to the north of Plainfield Road, known as The Willows. The Willows contains the former K-Mart site, which was under extensive redevelopment since 2016-17. During fiscal year 2018-19, renovation was substantially completed and a Pete's Fresh Market grocery store opened. Additional businesses in that development opened during and subsequent to fiscal year 2018-19 including Stein Mart, Ulta Beauty, Lumes Restaurant, Firehouse Subs and others.

At the state level, the Village is cautiously monitoring revenues that are passed through or granted by the State of Illinois. During the year ended April 30, 2018, the state imposed a 10% reduction on income taxes shared with local governments; the state's subsequent budget (collections in April 30, 2019) continued this with a 5% reduction in income taxes. The next fiscal year April 30, 2020, will see a continued 5% reduction in income taxes as well.

In April 2019, the Village achieved home rule status via a voter referendum. As this occurred at the end of the fiscal year, no changes to the Village's revenue structure occurred. In future years the Village may contemplate ways to raise revenue that have the least impact to residents.

Long-term Financial Planning – The Village uses a number of processes and planning documents to accomplish its financial planning. As discussed above, the Village adopts an annual operating budget as well as an annual appropriation. A five-year and fifteen-year financial plan is prepared along with the annual budget that contains projections for revenues and expenses. Also, a five-year Capital Improvement Plan is updated annually and used to aid future capital decisions. With economic growth remaining fairly level, and as a result of achieving home rule status, it is

important that the Village Board continue to address long-term revenue policies and strategies. The goal is to maintain reserves in the General Fund while still providing a high level of services to residents and businesses.

Financial Policies – The General Fund’s unrestricted fund balance is targeted to be maintained at 33% or 120 days of estimated operating expenditures. If the unrestricted balance falls below the minimum, a plan will be developed to return to the minimum balance within a reasonable period of time. One-time revenues shall not be used to fund current operations. At April 30, 2019, unrestricted, spendable fund balance in the General Fund was \$5,026,889, which equals 211 days of operating expenditures.

The Village continued its efforts from prior fiscal years to hold routine budgeted expenditures constant on the operating side, except for unforeseen environmental crisis management expenditures. Due to the crisis, virtually no capital projects occurred during the fiscal year as capital funds were diverted to fund those operating expenditures. Actual revenues that exceeded budgeted revenues caused the increase in fund balance of the General Fund.

## **Major Initiatives**

Willowbrook is a great place to work, live and raise a family. The Village of Willowbrook is dedicated to maintaining and improving the delivery of its services thereby enhancing the quality of life for its residents and the operating environment for its businesses.

The Village’s major initiatives in 2018-2019 were:

- Administration: The Village took a proactive approach to the ongoing environmental concerns caused by a business operating in the Village. As a result of a report released publicly by the Agency for Toxic Substances and Disease Registry (ATSDR), a division of the U.S. Department of Health and Human Services, the Village independently contracted with scientists, toxicologists, attorneys, public relations and other experts to understand, investigate and attempt to resolve the public concerns caused by emissions from the company. As of April 30, 2019, the Village had incurred nearly \$600,000 in expenditures and spent innumerable hours of staff and elected officials’ time related to this issue, which continued into the next fiscal year.
- Planning and Economic Development: The Village continued to use an outsourced planner to aid in planning activities while achieving a savings over the cost of a full-time employee’s salary and benefits.
- Finance: The Village completely overhauled its website during the fiscal year, and many departments contributed to the new content, which was overseen by the Finance Department. The Village continued its practice of outsourcing the IT consultant, which is included in the Finance budget. A review of the existing phone and internet providers was undertaken, along with an audit of the phone lines being charged, and investigating the possibility to switch to fiber internet service. A new provider was selected to go into effect during the next fiscal year. In addition, the Finance Department staff prepared a

Comprehensive Annual Financial Report and obtained the Distinguished Budget Presentation Award again this year.

- Police: The department promoted two (2) officers to the rank of sergeant and hired three (3) new officers during the fiscal year. Sadly, the department mourned the loss of two (2) K-9s, one in active service and the other that had previously retired. The department also initiated a truck enforcement program.
- Building/Community Development: Reviewed several new and ongoing developments including Pete's Fresh Market, and utilized an outsourced firm to assist in permit processing and review to reduce salary, pension and benefit costs. The building department processed permits totaling \$710,053 compared to the prior year amount of \$611,601.
- Parks and Recreation: The Village continued the intergovernmental agreement with the Burr Ridge Park District to host the Village's onsite park programs. The Village plans to continue this arrangement until the building at 825 Midway Drive, the third building in the municipal campus, is renovated. Exterior renovation occurred in fiscal year 2019, however, due to the environmental crisis depleting much of the Village's revenues, interior renovation has been postponed. The Village continued its partnership with the Gateway Special Recreation Association to offer park programs to special needs participants. Finally, the Village continued to host special family events including the Village's fifth annual 5k Fun Run in the spring of 2019.
- Public Works: A new Superintendent of Public Works position was added in November 2018 to assume some of the duties of the retiring Village Administrator/Director of Municipal Services. Engineering for the MFT road program occurred and the annual street, snow removal and storm water maintenance programs were completed.
- Water Services: The DuPage Water Commission (DWC), from which the Village purchases water, most recently increased its rates by 17% on January 1, 2015, which was their sixth increase since May 1, 2010. The Village responded with a 12% increase to its customers effective January 1, 2015, to offset the water purchase cost and to set aside funds via a transfer to the Water Capital Fund for future water tower painting and other capital needs such as distribution system replacement. The last of the three water towers was repainted last year over a three-year project period, and funds are again starting to be accumulated for future projects. \$400,000 was transferred to the Water Capital Fund again this year.

## Awards and Acknowledgments

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Village of Willowbrook for its comprehensive annual financial report for the fiscal year ended April 30, 2018. This was the thirtieth year that the Village has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and

efficiently organized comprehensive annual financial report. The report must satisfy both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The Government Finance Officers Association of the United States and Canada (GFOA) has also presented and awarded the Village of Willowbrook a Distinguished Budget Presentation Award for our fiscal year ended April 30, 2019 budget. This award represents a significant achievement for the Village. It reflects the commitment of the Village Board and staff to meeting the highest principles of governmental budgeting. The Village has received the Distinguished Budget Award for the past 17 years.

The preparation of this report could not have been accomplished without the dedicated services of Village staff. We would like to express our appreciation to all staff that assisted and contributed to the preparation of this report. Recognition should also be given to the Mayor and Board of Trustees for their interest and support in planning and conducting the operations of the Village in a responsible manner.

Respectfully submitted,

*Carrie Dittman*

## **Independent Auditor's Report**

## Independent Auditor's Report

The Honorable Mayor  
Members of the Board of Trustees  
Village of Willowbrook, Illinois

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Village of Willowbrook, Illinois, as of and for the year ended April 30, 2019, and the related notes to the financial statements, which collectively comprise the Village's basic financial statements as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

The Honorable Mayor  
Members of the Board of Trustees  
Village of Willowbrook, Illinois

### ***Opinions***

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Village of Willowbrook, Illinois, as of April 30, 2019, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### ***Emphasis of Matter***

As discussed in Note 12 to the financial statements, for fiscal year ending April 30, 2019, the Village adopted Governmental Accounting Standards Board Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. Our opinions are not modified with respect to this matter.

### ***Other Matters***

#### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, pension and other postemployment benefit information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### ***Other Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Village's basic financial statements. The introductory section, combining and individual fund financial statements and schedules, and the statistical section as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The 2019 combining and individual fund financial statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States

The Honorable Mayor  
Members of the Board of Trustees  
Village of Willowbrook, Illinois

of America. In our opinion, the 2019 information is fairly stated in all material respects in relation to the basic financial statements as of and for the year ended April 30, 2019, as a whole.

We also have previously audited, in accordance with auditing standards generally accepted in the United States of America, the Village's basic financial statements as of and for the year ended April 30, 2018, which are not presented with the accompanying financial statements. In our report dated October 4, 2018, we expressed unmodified opinions on the respective financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information. In our opinion, 2018 actual amounts included as supplementary information, are fairly stated in all material respects in relation to the basic financial statements as of and for the year ended April 30, 2018, taken as a whole.

The introductory section and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

## **Management's Discussion and Analysis**

## VILLAGE OF WILLOWBROOK, ILLINOIS

### MANAGEMENT'S DISCUSSION AND ANALYSIS

April 30, 2019

---

The Village of Willowbrook's (the "Village") discussion and analysis is designed to (1) assist the reader in focusing on significant issues, (2) provide an overview of the Village's financial activity, (3) identify changes in the Village's financial position (its ability to address the next and subsequent year challenges), (4) identify any material deviations from the financial plan (the approved budget), and (5) identify individual fund issues or concerns.

Since the Management's Discussion and Analysis (MD&A) is designed to focus on the current year's activities, resulting changes and currently known facts, please read it in conjunction with the Transmittal Letter (beginning on page iv) and the Village's financial statements (beginning on page 17).

#### **Financial Highlights**

- In FY 2019, the Village adopted Governmental Accounting Standards Board (GASB) Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. FY 2018 amounts presented in condensed comparative tables in this analysis are presented as previously reported, without adjustments for prior year restatements.
- The Village's governmental activities long-term liabilities increased by \$2,353,481 to \$16,526,846 from \$14,173,365. Pension and OPEB liabilities reported in accordance with GASB 68 and 75 accounted for \$11,878,306, or 71.9%, of the total governmental activities long term debt.
- During FY 2019, net position increased by \$614,319. This was due to increases in the governmental activities of \$547,140 and increases in business-type activities of \$67,179. The governmental activities increase was largely due to the increase in the restricted business district sales tax. Normal operations of the Water Fund contributed to the business-type activities increase.
- General Fund Summary – The Village's General Fund reported a net increase (after transfers out) of \$207,219. Transfers out to fund debt service and the Community Resource Center exterior renovation accounted for \$644,110. The General Fund's total ending fund balance was \$5,255,725; \$75,030 was restricted for Special Recreation and \$153,806 was nonspendable, leaving \$5,026,889 as unrestricted which represents about 211 days of operating expenditures in fund balance. This exceeds the target level of fund balance set by the Village Board, which is currently at 120 days of operating expenditures.

#### **USING THE FINANCIAL SECTION OF THIS COMPREHENSIVE ANNUAL REPORT**

The Village's financial statements present two kinds of statements, each with a different snapshot of the Village's finances. The financial statements' focus is on both the Village as a whole (government-wide) and on the major individual funds. Both perspectives (government-wide and major fund) allow the user to address relevant questions, broaden a basis for comparison (year-to-year or government-to-government) and enhance the Village's accountability.

**VILLAGE OF WILLOWBROOK, ILLINOIS**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS (continued)**

---

**Government-Wide Financial Statements**

The government-wide financial statements (see pages 17-19) are designed to be corporate-like in that all governmental and business-type activities are consolidated into columns which add to a total for the primary government. The focus of the Statement of Net Position (the "Unrestricted Net Position") is designed to be similar to bottom line results for the Village and its governmental and business-type activities.

This statement combines and consolidates governmental funds' current financial resources (short-term spendable resources) with capital assets and long-term obligations using the accrual basis of accounting and economic resources measurement focus.

**The Statement of Activities** (see pages 18-19) is focused on both the gross and net cost of various activities (including governmental and business-type), which are supported by the Village's general taxes and other resources. This is intended to summarize and simplify the user's analysis of the cost of various governmental services and/or subsidy to various business-type activities.

The governmental activities reflect the Village's basic services, including administration, finance, planning, police, public services, and parks and recreation. Sales taxes, local utility taxes and shared state income taxes finance the majority of these services. The business-type activities reflect private sector type operations (Waterworks), where the fee for service typically covers all or most of the cost of operation including depreciation.

**Fund Financial Statements**

Traditional users of governmental financial statements will find the fund financial statements presentation more familiar. The focus is on major funds, rather than fund types.

The governmental funds (see pages 20-23) focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. This is the manner in which the budget is typically developed. Governmental funds provide a current resource (short-term) view that helps determine whether there are more or fewer current financial resources available to spend for Village operations.

Proprietary funds (see pages 24-26) account for services that are generally fully supported by user fees charged to customers and are presented on a total economic resource's measurement focus. Proprietary fund statements, like government-wide statements, provide both short and long-term financial information.

The fund financial statements also allow the government to address its fiduciary funds (Police Pension Fund and agency fund) where the Village acts as a trustee or agent (see pages 27-28). While these funds represent trust responsibilities of the government, these assets are restricted in purpose and do not represent discretionary assets of the government. Therefore, these assets are not presented as part of the government-wide financial statements.

While the enterprise fund column on the proprietary fund financial statements is the same as the business-type activities column on the government-wide financial statements, the governmental funds total column requires a reconciliation because of the different measurement focus (current financial resources versus total economic resources) which is reflected on the page following each statement. The flow of current financial resources will reflect bond proceeds and inter-fund transfers as other financial sources as well as capital expenditures and bond principal payments as expenditures. The reconciliation eliminates these transactions and incorporates the capital assets and long-term obligation (bonds and others) into the governmental activity's column in the government-wide statements.

**FINANCIAL ANALYSIS OF THE VILLAGE**

**Statement of Net Position**

The Village's combined net position increased from \$12,598,614 (after restatement for GASB 75 implementation) to \$13,212,933. \$547,140 of this increase was due to Governmental Activities. Table 1 reflects the condensed statement of net position and Table 2 focuses on the changes in net position of the governmental and business-type activities.

**MANAGEMENT'S DISCUSSION AND ANALYSIS (continued)**

---

**Normal Impacts**

There are six basic (normal) transactions that will affect the comparability of the Statement of Net Position summary presentation.

**Net Results of Activities** – impacts (increases/decreases) current assets and unrestricted net position.

**Borrowing for Capital** – increases current assets and long-term debt.

**Spending Borrowed Proceeds on New Capital** – reduces current assets and increases capital assets. There is a second impact, an increase in related net debt which will not change the net investment in capital assets.

**Spending of Non-Borrowed Current Assets on New Capital** - (a) reduces current assets and increases capital assets and (b) reduces unrestricted net position and increases net investment in capital assets.

**Principal Payment on Debt** - (a) reduces current assets and reduces long-term debt and (b) reduces unrestricted net position and increases net investment in capital assets.

**Reduction of Capital Assets Through Depreciation** – reduces capital assets and net investment in capital assets.

**Current Year Impacts**

The Village's combined net position increased by \$614,319. About \$400,000 was spent on capital purchases, which is reported as an asset and does not reduce net position, however, this increased the net investment in capital assets component of net position. The Village's unrestricted net position decreased from (\$738,007) to (\$1,589,796) due largely to the increases in net pension liabilities.

Deferred inflows and outflows of resources are recorded because some of the changes to the total pension liability are recognized over time rather than in the current year. Deferred inflows are increases to net position that will be recognized in future years. Deferred outflows will decrease net position in future years. Following are the types of deferred inflows and outflows reported in the Statement of Net Position and the time over which the item is recognized:

Deferred Inflow/Outflow	Description	Recognition Period
<b>Actuarial Experience</b>	The difference between the expected and actual actuarial experience due to demographic or economic experience.	Amortized over the average of the expected service lives of all active and inactive participants.
<b>Changes in Assumptions</b>	The impact on the Net Pension Liability due to a change in economic or demographic actuarial assumptions.	Amortized over the average of the expected service lives of all active and inactive participants.
<b>Asset Experience</b>	The difference between the expected and actual earnings on investments.	Amortized over 5 years.
<b>Employer Contributions</b>	Employer contributions after the measurement date.	Recognized in the subsequent year.

The Village's unrestricted net position for governmental activities that can be used to finance daily operations decreased from (\$2,544,020) to (\$3,680,857). The net investment in capital assets of governmental activities increased from \$9,907,236 to \$10,070,116.

**VILLAGE OF WILLOWBROOK, ILLINOIS**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS (continued)**

---

The net position of business-type activities increased by \$67,179 as a result of normal water operations. Unrestricted net position increased by \$285,048 and the net investment in capital assets decreased in the Water Fund due to depreciation.

Capital activity was minimal during the year but did include the exterior renovation of the Community Resource Center (CRC) and funding for the annual street maintenance program. The Village made principal payments on two debt instruments: under governmental activities, the annual bond payment for the General Obligation Alternate Revenue Source Bonds, Series 2015 Bonds for the police department renovation and Lake Hinsdale Village water tower repainting was made and was shared by the General Fund (governmental activities) and the Water Fund (business-type activity). Also, payments continued on the Illinois Environmental Protection Agency low interest loan for financing of the repainting of the three million-gallon standpipe, paid by the Water Fund.

**Change in Net Position**

**Normal Impacts**

Described below are eight common (basic) impacts on revenues and expenditures/expenses.

**Revenues:**

**Economic Condition** – reflects a declining, stable, or growing economic environment and has a substantial impact on state income, sales and utility tax revenue as well as public spending habits for building permits, elective user fees and volumes of consumption.

**Increase/Decrease in Village Approved Rates** – while certain tax rates are set by statute, the Village Board has significant authority to impose and periodically increase/decrease rates (Special Recreation property taxes, water, building fees, utility tax rates, etc.).

**Changing Patterns in Intergovernmental and Grant Revenue (both recurring and non-recurring)** – certain recurring revenues (state-shared revenues, etc.) may experience significant changes periodically while non-recurring (or one-time) grants are less predictable and often distorting in their impact on year to year comparisons.

**Market Impacts on Investment Income** – when longer maturity investments are included in the investment portfolio, the market condition may cause investment income to fluctuate more than when using alternative shorter-term options.

**Expenditures/Expenses:**

**Introduction of New Programs** – within the functional expense categories (General Government, Public Safety, Highways and Streets, Parks and Recreation, etc.) individual programs may be added or deleted to meet changing community needs.

**Changes in Authorized Personnel** – changes in service demand may cause the Village Board to increase/decrease authorized staffing. Staffing costs (salary and related benefits) represent approximately 40% of the Village's operating costs.

**Salary Increases (annual adjustments and merit)** – the ability to attract and retain human and intellectual resources requires the Village to strive to approach a competitive salary range in the marketplace.

**Inflation** – while overall inflation appears to be reasonably minimal based on the Consumer Price Index (CPI), the Village is a major consumer of certain commodities which may differ significantly from the CPI, such as wholesale water, natural gas and fuels, insurance and parts. Some functions may experience unusual commodity specific increases.

**Current Year Impacts**

*Governmental Activities*

**Revenues:**

Total revenues from governmental activities for the year ended April 30, 2019 amounted to \$10,611,443; in the prior year, governmental revenues were \$10,265,093. Building permits, red light camera fines and business district sales taxes accounted for much of the increase.

Sales tax receipts continue to be the Village's largest revenue source at \$4,772,278 or 45.0% of total governmental revenues. Sales tax receipts experienced an increase of \$340,315 or 7.7%, which is partly attributable to the additional 1% Business District sales tax that began to be collected on business district properties beginning January 1, 2017, and also due to the newly opened Pete's Fresh Market development in November 2018. In congruence with the slowly recovering economic environment over the last few years, sales tax in Willowbrook has generally remained stable or increased. This can be attributed to the location of Willowbrook's retail center on Route 83 and the variety of retail and restaurant choices. While sales taxes remain the major single source of Village revenues, other taxes, including places of eating taxes, amusement taxes and special recreation property taxes amounted to \$1,016,174 or 9.6% of total revenues. State shared income taxes amounted to \$829,140 or 7.8% of total revenues.

Utility taxes collected amounted to \$903,954, or 8.5% of total revenues; the Village collects electric, gas and telecommunications utility taxes. The Village continues to see small annual declines in this revenue source due to telecommunications as people drop land-line phone service. Currently the Village's utility tax rate is 5.0% which is the maximum allowed under state law. The telecommunications tax rate is at the maximum rate of 6.0%. Charges for services (which includes fines) accounts for 20.4% or \$2,169,140 of total revenues, which experienced an increase of \$476,442 from the prior year due to permits and red-light camera fines.

**Expenses:**

For the fiscal year ended April 30, 2019, expenses for governmental activities totaled \$10,110,904, an increase of \$601,375 from the prior year amount of \$9,509,529.

General government expenses increased \$339,975 over the prior year. The largest factor was the Administration department's crisis management expenditures of nearly \$600,000 within the General Fund, which did not occur in the prior year.

Public safety expenses increased \$281,433 from the previous year. Contributing factors were the increase in the net pension expense, increases in officer's overtime and increased expenses to the red-light camera management company.

The municipal services department (highways and streets) saw a decrease in expenses of \$49,068; increases in personnel costs due to adding the position of Superintendent of Public Works mid-way thorough the fiscal year were offset by a reduction of engineering fees and tree maintenance as the EAB abatement project concluded.

Economic development emerged in FY 2017 as a result of the establishment of the Village's first business district. Expenses of \$24,447 were incurred in FY 2019 for administrative expenditures of the district.

**VILLAGE OF WILLOWBROOK, ILLINOIS**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS (continued)**

---

The Parks and Recreation department (culture and recreation) experienced an increase in expenses of approximately \$20,000 due to miscellaneous line items.

Interest expense is comprised of interest on the 2015 General Obligation Alternate Revenue Source bonds totaling \$112,600 and the change in accrued interest payable on the 2015 General Obligation Alternate Revenue Source bonds.

*Business-type Activities*

**Revenues:**

Charges for services realized a decrease of \$110,181 or 3.2%, due to decreased water usage.

The Village passed a 12% rate increase January 1, 2015 to correspond with a 17% increase in rates passed on by the DuPage Water Commission, the wholesaler of water to the Village, effective the same date. As of April 30, 2019, for residential customers, water rates remain \$9.67 per 1,000 gallons for the first 36,000 and \$11.14 per 1,000 gallons over 36,000. For commercial customers, the rates are \$9.67 per 1,000 gallons for the first 12,000 gallons used and \$11.14 per 1,000 gallons over 12,000.

**Expenses:**

Expenses of \$3,277,263 are \$219,343 or 6.3% lower than last year, which relates to the decrease in administrative overhead paid to the General Fund.

**FINANCIAL ANALYSIS OF THE VILLAGE'S FUNDS**

At April 30, 2019, the governmental funds (as presented on the Balance Sheet on page 20) reported a combined fund balance of \$7,204,306. Of this amount, the General Fund (a major fund) maintains a balance of \$5,255,725, an increase of \$207,219 over the previous year's fund balance, nearly all of which is attributable to higher revenues. The ending General Fund unrestricted, unassigned fund balance at April 30, 2019, amounted to \$5,026,889.

\*Intergovernmental revenue includes income taxes and sales taxes.

Total actual revenues were \$1,776,420, or 22.9%, higher than the budgeted amount; this is an increase of \$246,011 over the prior year. One-time grants and asset seizure funds received last year that were not recurring were offset by building permit revenue (approximately \$100,000 higher than last year), red light camera fines (about \$250,000 higher) and sales and income taxes (about \$275,000 higher).

Actual expenditures came in above the budgeted amount by approximately \$500,000. An unexpected environmental crisis caused by a business operating in the Village led to nearly \$600,000 in unbudgeted expenditures.

**Capital Assets**

At the end of Fiscal Year 2019, the Village had combined net capital assets of \$18,396,393 which was comprised of general government land, buildings and equipment, police vehicles and equipment, parks and recreation equipment, roads and related infrastructure, water plant equipment and land improvements (see Table 3). Further information on the Village's capital assets is located in the notes to the financial statements (see pages 39-40).

The activity in governmental capital assets included the construction work in progress on the Community Resource Center (CRC) exterior renovation.

Business-type activities relate to capital assets in the Village's water system. There were no additions or disposals during the fiscal year. However, current year depreciation was recorded.

### **Debt Outstanding**

The Village created Special Service Area #1 to provide for infrastructure improvements in the Town Center Development. Bonds dated December 20, 2007 were issued in the amount of \$3,540,000 and are secured solely from special service area taxes levied on the benefited properties. These bonds meet the definition of no commitment debt contained in GASB Statement No. 6 and, therefore, are not recorded as a liability in the Village's financial statements.

In April 2015, the Village issued \$4,930,000 in General Obligation (Alternate Revenue Source) Series 2015 bonds for the renovation of the police station building (\$3,140,000) from governmental activities, the partial refunding of the old Series 2008 bonds (\$1,430,000) from governmental activities, and the re-painting of one of the Village's three water towers (\$360,000) from business-type activities. The bonds will be retired by December 2034, and the remaining balance outstanding at April 30, 2019 is \$4,360,000.

The Village became home rule in April 2019 and is no longer subject to a legal debt limit. Further information on the Village's debt is located in the notes to the financial statements (see pages 42-47).

### **Economic Factors**

The Village is dependent on several sources of intergovernmental, or shared state revenue sources, to finance general operations. Although the Village completed the fiscal year in a better position than anticipated, economic conditions remain level. Considering new revenue sources and focusing on the best means of financing projects continues to be a priority for the Village Board.

**VILLAGE OF WILLOWBROOK, ILLINOIS**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS (continued)**

---

The Village continues to closely monitor its sales tax receipts and is fortunate that the sales tax base has remained stable and even grown slightly as other communities have experienced double digit declines. Revenues generated from the Town Center Development and new Pete's Fresh Market Development including sales taxes and places of eating taxes have contributed to this. The overall value of real property remains strong, as does the overall wealth of the Village in terms of per capita income. Currently, the Village is experiencing an unemployment rate of 2.7%. According to the 2010 census, the Village had a per capita income of \$37,715 and a median household income of \$60,063.

## Notes to Basic Financial Statements

April 30, 2019

### Note 1: Summary of Significant Accounting Policies

The financial statements of the Village of Willowbrook, Illinois (Village), have been prepared in conformity with accounting principles generally accepted in the United States of America, as applied to government units (hereinafter referred to as generally accepted accounting principles (GAAP)). The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Village's accounting policies are described below.

#### *Financial Reporting Entity*

The Village is a municipal corporation governed by an elected board. As required by generally accepted accounting principles, these financial statements present the Village (the primary government) and its component units. In evaluating how to define the reporting entity, management has considered all potential component units. The decision to include a potential component unit in the reporting entity was made based upon the significance of its operational or financial relationship with the primary government.

#### *Blended Component Unit*

#### Police Pension Employees Retirement System

The Village's police employees participate in the Police Pension Employees Retirement System (PPERS or Police Pension Fund), a single-employer defined benefit pension plan. PPERS functions for the benefit of these employees and is governed by a five-member board. Two members appointed by the Village's Mayor, one elected pension beneficiary and two elected police employees constitute the Pension Board. The Village and PPERS participants are obligated to fund all PPERS costs based upon actuarial valuations. The State of Illinois is authorized to establish benefit levels and the Village is authorized to approve the actuarial assumptions used in the determination of contribution levels. PPERS is reported as if it were part of the primary government because its sole purpose is to provide retirement benefits for the Village's eligible police employees. PPERS is reported as a pension trust fund. Separate reports are not issued by the Police Pension Fund.

#### *Fund Accounting*

The Village uses funds to report on its financial position and changes in its financial position. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities.

A fund is a separate accounting entity with a self-balancing set of accounts. Funds are classified into the following categories: governmental, proprietary and fiduciary.

Governmental funds are used to account for all or most of the Village's general activities, including the collection and disbursement of earmarked monies (special revenue funds), the acquisition or

# **Village of Willowbrook, Illinois**

## **Notes to Basic Financial Statements**

**April 30, 2019**

construction of general capital assets (capital projects funds) and the servicing of general long-term debt (debt service fund). The General Fund is used to account for all activities of the Village not accounted for in some other fund.

Proprietary funds are used to account for activities similar to those found in the private sector, where the determination of net income is necessary or useful to sound financial administration. Goods or services from such activities can be provided to outside parties (enterprise funds).

Fiduciary funds are used to account for assets held on behalf of outside parties, including other governments or on behalf of other funds within the Village. When these assets are held under the terms of a formal trust agreement, a pension trust fund is used.

### ***Government-Wide and Fund Financial Statements***

The government-wide financial statements (*i.e.*, the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the Village. For the most part, the effect of material interfund activity has been eliminated from these statements.

Interfund services provided and used are not eliminated in the process of consolidation.

Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function, segment or program are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

The Village reports the following major governmental funds:

#### **General Fund**

The General Fund accounts for the resources devoted to finance the services traditionally associated with local government. Any other activity for which a special fund has not been created is accounted for in the General Fund.

# **Village of Willowbrook, Illinois**

## **Notes to Basic Financial Statements**

**April 30, 2019**

### **Route 83/Plainfield Road Business District Tax Fund**

This fund accounts for a retailers' occupation tax and a service occupation tax to be used for the planning, execution, and implementation of the business district plan.

The Village reports the following major enterprise fund:

### **Water Fund**

The Water Fund was established to account for the revenues and expenses relative to the operation of the water utility.

In addition, the Village reports the following fiduciary funds:

### **Police Pension Fund**

The Police Pension Fund is used to account for the single-employer defined benefit pension plan sponsored by the Village.

### **Special Service Area #1 Agency Fund**

The Special Service Area #1 Agency Fund accounts for the collection of the special service area property tax and the payment of principal and interest on the Special Service Area Bonds.

### ***Measurement Focus, Basis of Accounting and Financial Statement Presentation***

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and the pension trust fund financial statements. Revenues and additions are recorded when earned and expenses and deductions are recorded when a liability is incurred. Property taxes are recognized as revenues in the year for which they are levied (*i.e.*, intended to finance). Grants, contributions and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Operating revenues and expenses are directly attributable to the operation of the proprietary funds. Nonoperating revenue/expenses are incidental to the operations of these funds.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (*i.e.*, when they become both measurable and available). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period, generally 60 days except for certain revenues collected and remitted by the State (*e.g.*, sales and telecommunications taxes) which use a maximum 90-day period. The Village recognizes property taxes when they become both "measurable" and "available" in the year intended to finance. Expenditures are recorded when the related fund liability is incurred. Principal and interest on general long-term debt are recorded as expenditures when due.

Agency funds are not involved in the measurement of results of operations; therefore, measurement focus is not applicable to them.

# **Village of Willowbrook, Illinois**

## **Notes to Basic Financial Statements**

**April 30, 2019**

Those revenues susceptible to accrual are property taxes, franchise taxes, utility taxes, interest revenue and charges for services. Sales tax and telecommunication tax owed to the State at year end on behalf of the Village are also recognized as receivables. Locally adjudicated fines and permits revenues are not susceptible to accrual because generally they are not "measurable" until received in cash.

In applying the susceptible-to-accrual concept to intergovernmental revenues, the legal and contractual requirements of the numerous individual programs are used as guidelines. Monies that are virtually unrestricted as to purpose of expenditure, which are usually revocable only for failure to comply with prescribed compliance requirements, are reflected as revenues at the time of receipt or earlier if the susceptible-to-accrual criteria are met.

The enterprise fund distinguishes operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with an enterprise fund's principal ongoing operations. The principal operating revenues of the enterprise fund are charges to customers for sales and services. Operating expenses for the enterprise fund include the cost of sales and services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses. The enterprise fund has receivable balances related to the services provided. The Village reviews its accounts receivables periodically to assess collectability. Liens are placed on accounts as necessary to help ensure collection.

The Village reports unearned revenue on its financial statements. Unearned revenue arises when a potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period. Deferred inflows of resources also arise when resources are received by the Village before it has a legal claim to them. In subsequent periods, when both revenue recognition criteria are met or when the Village has a legal claim to resources, the liability for unearned revenue is removed from the combined balance sheet and revenue is recognized.

### ***Cash and Investments***

#### ***Cash***

For purposes of the statement of cash flows, the Village's proprietary fund considers all highly liquid investments with an original maturity of three months or less when purchased to be cash equivalents.

#### ***Investments***

Investments with a maturity of one year or less at the time of purchase and all nonnegotiable certificates of deposits are stated at cost or amortized cost. Investments with a maturity greater than one year at the time of purchase are stated at fair value. All investments of the pension trust fund, regardless of length of maturity, are reported at fair value. Fair value is based on published market quotes as of year end.

**Village of Willowbrook, Illinois**  
**Notes to Basic Financial Statements**  
**April 30, 2019**

***Short-Term Interfund Receivables/Payables***

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as “due from other funds” or “due to other funds” on the balance sheet and “internal balances” on the Statement of Net Position. Short-term interfund loans, if any, are classified as “interfund receivables/payables.”

***Advances to Other Funds***

Noncurrent portions of long-term interfund loan receivables, if any, are reported as advances and are offset equally by a nonspendable fund balance account in a governmental fund which indicates that they do not constitute expendable available financial resources and, therefore, are not available for appropriation.

***Inventories***

Inventories are valued at cost, which approximates market, using the first-in/first-out (FIFO) method. The costs of governmental fund inventories are recorded as expenditures when consumed rather than when purchased.

***Prepaid Items/Expenses***

Payments made to vendors for services that will benefit periods beyond the date of this report are recorded as prepaid items/expenses, consistent with the consumption method of accounting.

***Capital Assets***

Capital assets, which include property, plant and equipment as well as infrastructure assets (e.g., roads, bridges) on a prospective basis as of May 1, 2004, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the Village as assets with an initial, individual cost of more than \$10,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed. Property, plant and equipment is depreciated using the straight-line method over the following estimated useful lives:

Land improvements	15 - 20 years
Buildings	20 - 45 years
Vehicles and automotive equipment	6 - 15 years

# Village of Willowbrook, Illinois

## Notes to Basic Financial Statements

April 30, 2019

Other equipment	5 - 30 years
Streets/storm sewers	40 - 45 years
Distribution systems	6 - 45 years

### ***Compensated Absences***

Vested or accumulated vacation and sick leave that is owed to retirees or terminated employees is reported as an expenditure and a fund liability of the governmental fund that will pay it in the fund financial statements. Vested or accumulated vacation and sick leave of proprietary funds at both fund and government-wide levels and governmental activities at the government-wide level are recorded as an expense and liability as the benefits accrue to employees.

### ***Long-Term Obligations***

In the government-wide financial statements and proprietary funds financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities or proprietary fund financial statements. Bond premiums and discounts are deferred and amortized over the life of the bonds. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental funds recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as expenditures.

### ***Deferred Outflows/Inflows of Resources***

The Village reports deferred outflows of resources on its statement of net position. Deferred outflows of resources represent a consumption of net position that applies to a future reporting period(s) and so will not be recognized as an outflow of resources (expense/expenditure/reduction of liability) until then.

The Village also reports deferred inflows of resources on its statement of net position and governmental funds balance sheet. Deferred inflows of resources represent an acquisition of net position that applies to a future reporting period(s) and so will not be recognized as an inflow of resources (revenue) until that time. In the governmental funds balance sheet, deferred revenues are reported as deferred inflows of resources.

### ***Pensions***

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions and pension expense, information about the fiduciary net position of the Village's Police Pension Fund, IMRF and SLEP Pension Plans (Plans) and additions to/deductions from the Plans' fiduciary net position have been determined on the same basis as they are reported by the Plans. For this purpose, benefit payments (including refunds of employee

**Village of Willowbrook, Illinois**

contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

***Other Postemployment Benefits***

The Village offers retiree healthcare benefits to retirees. The total OPEB liability shown in this report is based on valuation procedures performed as of April 30, 2019. The valuation has been performed utilizing the Alternative Measurement Method for small plans as permitted under GASB Statement No. 75.

***Fund Equity***

The Village presents fund equity in accordance with GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, which enhances the usefulness of fund balance information by providing clearer fund balance classifications that can be more consistently applied and by clarifying the existing governmental fund type definitions.

There are five classifications of fund balance:

***Nonspendable***

Amounts that are not in spendable form (such as inventory) or are required to be maintained intact.

***Restricted***

Amounts constrained to specific purposes by their providers (such as grantors, bondholders and higher levels of government) through constitutional provisions or by enabling legislation. None of the fund equity is restricted as a result of enabling legislation adopted by the Village.

***Committed***

Amounts constrained to specific purpose by a government itself, using its highest level of decision-making authority (Village Board adopting an ordinance before year end). To be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest level action to remove or change the constraint.

***Assigned***

Amounts a government intends to use for a specific purpose. Intent can be expressed by the Village Administrator, who the Village Board has authorized to assign fund balance in accordance with the Village's fund balance policy.

**Village of Willowbrook, Illinois**  
**Notes to Basic Financial Statements**  
**April 30, 2019**

*Unassigned*

Amounts that are available for any purpose. Positive amounts are only reported in the General Fund. Unassigned fund balance may also include negative balances for any governmental fund if expenditures exceed amounts restricted, committed or assigned for those purposes.

Fund balance is displayed in the order of the relative strength of the spending constraints placed on the purposes for which resources can be used.

The Village's flow of funds assumption prescribes that the funds with the highest level of constraint are expended first. If restricted or unrestricted funds are available for spending, the restricted funds are spent first. Additionally, if different levels of unrestricted funds are available for spending, the Village considers committed funds to be expended first, followed by assigned and then unassigned funds.

As of April 30, 2019, there are no funds with deficit fund balances.

***Interfund Transactions***

Interfund service transactions are accounted for as revenues, expenditures or expenses. Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly applicable to another fund, are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed.

All other interfund transactions, except interfund service transactions and reimbursements, are reported as transfers.

***Estimates***

The preparation of financial statements in conformity with GAAP requires the Village to make estimates and assumptions that affect the reported amounts of assets, deferred outflows from resources, liabilities, and deferred inflows of resources and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

**Note 2: Deposits and Investments**

The Village maintains a cash and investment pool that is available for use by all funds except the Pension Trust Fund. Each fund's portion of this pool is displayed on the financial statements as "cash and investments." In addition, investments are separately held by several of the Village's funds. The deposits and investments of the pension trust fund are held separately from those of other funds and more information on pension investments are included in the disclosures in Note 10.

The Village's investment policy permits investments in commercial banks and savings and loan institutions (if a member of FDIC) and to invest in obligations of the U.S. Treasury and U.S.

agencies, obligations of states and their political subdivisions, credit union shares, repurchase agreements, short-term commercial paper rated within the highest classifications by at least two standard rating services, Illinois Funds, Illinois Metropolitan Investment Fund (IMET) and money market mutual funds permissible under state law.

It is the policy of the Village to invest its funds in a manner which will provide the highest investment return with the maximum security while meeting the daily cash flow demands of the Village and conforming to all state and local statutes governing the investment of public funds, using the “prudent person” standard for managing the overall portfolio. The primary objective of the policy is legality, safety (preservation of capital and protection of investment principal), liquidity and yield.

Illinois Funds is an investment pool managed by the State of Illinois, Office of the Treasurer, which allows governments within the state to pool their funds for investment purposes. Illinois Funds is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the *Investment Company Act of 1940*. Investments in Illinois Funds are valued at Illinois Funds’ share price, the price for which the investment could be sold.

Illinois Metropolitan Investment Fund (IMET) is a not-for-profit investment trust formed pursuant to the Illinois Municipal Code and managed by a Board of Trustees elected from the participating members. IMET is not registered with the SEC as an investment company. Investments in IMET are valued at IMET’s share price, the price for which the investment could be sold.

### ***Deposits with Financial Institutions***

Custodial credit risk for deposits with financial institutions is the risk that in the event of bank failure, the Village’s deposits may not be returned to it. The Village’s investment policy requires pledging of collateral of all bank balances in excess of federal depository insurance with the collateral held by an agent of the Village in the Village’s name. The Village was fully collateralized as of April 30, 2019.

### ***Investments***

The following table presents the fair value of investments of the Village as of April 30, 2019:

	<b><u>Fair Value</u></b>
Illinois Funds	
IMET	\$ 6,582,148
	29
Total	<u><u>\$ 6,582,177</u></u>

In accordance with its investment policy, the Village limits its exposure to interest rate risk by structuring the portfolio to provide liquidity for operating funds and maximizing yields for funds not needed within a five-year period. The investment policy limits the maximum maturity lengths of investments to five years from date of purchase.

# Village of Willowbrook, Illinois

## Notes to Basic Financial Statements

April 30, 2019

The Village limits its exposure to credit risk, the risk that the issuer of a debt security will not pay its par value upon maturity, by primarily investing in obligations guaranteed by the U.S. government or securities issued by agencies of the U.S. government that are explicitly guaranteed by the U.S. government. However, the Village's investment policy does not specifically limit the Village to these types of investments. Illinois Funds and IMET are rated AAA by Standard and Poor's.

Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to the investment, the Village will not be able to recover the value of its investments that are in possession of an outside party. To limit its exposure, the Village's investment policy requires all security transactions that are exposed to custodial credit risk to be processed on a delivery versus payment (DVP) basis with the underlying investments held by a third-party acting as the Village's agent separate from where the investment was purchased. Illinois Funds and IMET are not subject to custodial credit risk.

### *Concentration of Credit Risk*

At April 30, 2019, the Village had greater than 5% of its overall portfolio invested in Illinois Funds. This is in accordance with the Village's investment policy, which requires diversification of the portfolio but does not contain specific targets/limitations.

### *Derivatives*

The Village investment policy does not prohibit the investment in derivatives; however, the Village did not invest funds in derivatives in the current fiscal year.

### ***Property Taxes***

Property taxes for 2018 attach as an enforceable lien on January 1, 2018, on property values assessed as of the same date. Taxes are levied by December of the subsequent fiscal year (by passage of a Tax Levy Ordinance). Tax bills are prepared by the County and issued on or about May 1, 2019 and August 1, 2019, and are payable in two installments on or about June 1, 2019 and September 1, 2019. As the 2018 tax levy is intended to finance the 2019-2020 fiscal year, the revenue is shown as unearned/unavailable at April 30, 2019. The County collects such taxes and remits them periodically. The allowance for uncollectible taxes has been stated at 1% of the tax levy, to reflect actual collection experience.

The 2019 tax levy, which attached as an enforceable lien on property as of January 1, 2019, has not been recorded as a receivable as of April 30, 2019, as the tax has not yet been levied by the Village and will not be levied until December 2019.

# Village of Willowbrook, Illinois

## Notes to Basic Financial Statements

April 30, 2019

### Note 5: Risk Management

The Village is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; natural disasters and injuries to the Village's employees. These risks along with medical claims for employees and retirees are provided for through public entity risk pools. The Village currently reports all its risk management activities in its General Fund.

The Village participates in the Intergovernmental Risk Management Agency (IRMA). IRMA is an organization of municipalities and special districts in Northeastern Illinois which have formed an association under the Illinois Intergovernmental Cooperations Statute to pool its risk management needs. The agency administers a mix of self-insurance and commercial insurance coverages; property/casualty and workers' compensation claim administration/litigation management services; unemployment claim administration; extensive risk management/loss control consulting and training programs and a risk information system and financial reporting service for its members. Levels of coverage provided by IRMA are as follows:

General liability	\$ 12,000,000
Auto liability	12,000,000
Public officials liability	12,000,000
Property (per occurrence)	250,000,000
Boiler/machinery	50,000,000
Crime	5,000,000
Workers' compensation	statutory
Employer's liability	2,500,000

The Village's payments to IRMA are displayed on the financial statements as expenditures/expenses in appropriate funds. The Village assumes the first \$10,000 of each occurrence and IRMA has a mix of self-insurance and commercial insurance at various amounts above that level.

Each member appoints one delegate, along with an alternate delegate, to represent the member on the Board of Directors. The Village does not exercise any control over the activities of IRMA beyond its representation on the Board of Directors.

Initial contributions are determined each year based on the individual member's eligible revenue as defined in the bylaws of IRMA and experience modification factors based on past member loss experience. Members have a contractual obligation to fund any deficit of IRMA attributable to a membership year during which they were a member. IPBC maintains specific reinsurance coverage for claims in excess of \$125,000 per individual employee participant. Supplemental contributions may be required to fund these deficits. The Village is not aware of any supplemental contributions owed to IRMA for prior policy years. Current year overages or underages for participation in the pool are adjusted into the subsequent years' experience factor for premiums.

Risks for medical, dental and death benefits for employees and retirees are provided through the Village's participation in the Intergovernmental Personnel Benefit Cooperative (IPBC). IPBC acts as a public entity risk pool to receive, process and pay such claims as may come within the benefit program of each participating member. The Village pays premiums to IPBC based upon current employee participation and its prior experience factor with the pool.

#### ***Legal Debt Margin***

Effective April 2019, the Village is a home rule municipality. To date, the General Assembly has set no debt limits for home rule municipalities.

#### ***No Commitment Debt***

The Village created Special Service Area #1 to provide for infrastructure improvements in the Town Center Tax Increment Financing District. Ordinance No. 07-O-38 authorized the issuance of \$3,540,000 Special Service Area Bonds, dated December 20, 2007. The Village has the ability to levy taxes on the benefited properties in the Special Service Area #1. Therefore, the debt is considered to be no commitment debt to the Village pursuant to GASB Statement No. 6. The amount of debt outstanding at April 30, 2019, was \$2,275,000.

#### ***Pledged Revenue***

The Village has pledged a portion of future income tax revenues and water operating income to repay the remaining principal and interest on the general obligation alternate revenue source bonds

**Village of Willowbrook, Illinois**  
**Notes to Basic Financial Statements**  
**April 30, 2019**

issued in 2015. Proceeds from the bonds provided financing for certain capital improvements in the Village. The pledged revenues are projected to be sufficient to meet debt service requirements over the life of the bonds. Total principal and interest remaining on the bonds is \$5.525 million, payable through 2035. For the current year, principal and interest paid totaled \$345,950, while total income tax was \$829,140 and total water operating income was \$92,963.

In addition, during the fiscal year, the Village paid the debt service related to the Special Service Area Bonds using special service area property taxes. The Village intends on funding these debt service payments in a similar fashion in future years.

**Note 7: Interfund Activity**

Due From/To Other Funds at April 30, 2019, were as follows:

<b>Receivable Fund</b>	<b>Payable Fund</b>	<b>Amount</b>
General	Water	\$ 16,551
General	Police Pension	8,383

The due to/from between the funds is a result of expenditures paid that have not yet been reimbursed. Repayment is expected within one year for all due to/from balances.

Interfund transfers during the year ended April 30, 2019, consisted of the following:

	<b>Transfers In</b>	<b>Transfers Out</b>
General	\$ -	\$ 644,110
Nonmajor governmental funds		
Debt Service Fund	325,528	-
Land Acquisition, Facility Expansion and Renovation Fund	365,183	-
Water Fund	<u>-</u>	<u>46,601</u>
	<u>\$ 690,711</u>	<u>\$ 690,711</u>

The purposes of the significant interfund transfers are as follows:

- \$325,528 transfer from the General and Water Funds to the Debt Service Fund is to pay the debt service on the Series 2015 Bonds. The transfer will not be repaid.
- \$365,183 transferred from General Fund to the Land Acquisition, Facility Expansion and Renovation Fund is to pay capital expenditures related to the Community Resource Center exterior. The transfer will not be repaid.

**Note 8: Commitments**

***DuPage Water Commission***

The Village is a customer of the DuPage Water Commission (Commission) and has executed a water supply contract with the Commission for a term ending in 2024. The contract provides that the Village pay its proportionate share of “fixed costs” (debt service and capital costs) to the Commission, such obligation being unconditional and irrevocable whether or not water is ever delivered. As of May 1, 2015, the fixed costs are now included in the operations and maintenance costs. No fixed costs reimbursements are currently anticipated for the next five years.

***Other Commitments***

The Village has also entered into agreements for the following:

<b>Project</b>	<b>Commitment Amount</b>
Purchase of three new squad cars	\$ 157,738
Annual landscape maintenance services	77,925
Intergovernmental Agreement with Village of Burr Ridge to construct Garfield Ave. sidewalks	55,000
Annual FY 19-20 Road Maintenance Program	<u>165,000</u>
	<u><u>\$ 455,663</u></u>

**Note 9: Contingent Liabilities**

***Litigation***

The Village is involved in various lawsuits. Although the outcome of these lawsuits is not presently determinable, it is the opinion of the Village’s attorney that the resolution of these matters will not have a material adverse effect on the financial condition of the Village.

***DuPage Water Commission***

The Village’s water supply agreement with the Commission provides that each customer is liable for its proportionate share of any costs arising from defaults in payment obligations by other customers.

**Note 10: Defined Benefit Pension Plans**

The Village contributes to three defined benefit pension plans: the Illinois Municipal Retirement Fund (IMRF - Regular), an agent multiple-employer defined benefit pension plan; the Sheriff's Law Enforcement Personnel Fund (SLEP), an agent multiple-employer defined benefit plan, both of which are administered by the IMRF, an agent multiple-employer public retirement system; and the Police Pension Plan, which is a single-employer defined benefit pension plan. The benefits, benefit levels, employee contributions and employer contributions for all plans are governed by Illinois Compiled Statutes and can only be amended by the Illinois General Assembly. The Police Pension Plan does not issue a separate report on the pension plan. IMRF issues a publicly available report that includes financial statements and supplementary information for the plan as a whole, but not for individual employers. That report may be obtained on-line at [www.imrf.org](http://www.imrf.org).

The aggregate totals for all pension items for the three plans are as follows:

## Notes to Basic Financial Statements

April 30, 2019

### *Illinois Municipal Retirement Fund*

The Village's agent multiple-employer defined benefit pension plan for Regular employees (other than those covered by the Police Pension Plan), provides retirement, disability, annual cost-of-living adjustments and death benefits to plan members and beneficiaries. IMRF acts as a common investment and administrative agent for local governments and school districts in Illinois. The Village maintains accounts for Regular employees and for Sheriff's Law Enforcement Personnel (SLEP) which provides benefits solely to a former police chief. A summary of IMRF's pension benefits is provided in the "Benefits Provided" described below. Details of all benefits are available from IMRF. The Illinois Pension Code establishes the benefit provisions of the plan which can only be amended by the Illinois General Assembly. IMRF issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained at [www.imrf.org](http://www.imrf.org) or by writing to the Illinois Municipal Retirement Fund, 2211 York Road, Suite 500, Oak Brook, Illinois 60523.

#### *Benefits Provided*

Employees hired before January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least 8 years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with 8 years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired on or after January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after 10 years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with 10 years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the lesser of: 3% of the original pension amount, or 1/2 of the increase in the Consumer Price Index of the original pension amount.

The Sheriff's Law Enforcement Personnel Fund (SLEP) members, having accumulated at least 30 years of SLEP service and terminating IMRF participation on or after July 1, 1988, may elect to retire at or after age 50 with no early retirement discount penalty. SLEP members meeting these two qualifications are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 2.50% of their final rate of earnings, for each year of credited service up to 20 years, 2.00% of their final earnings rate for the next 10 years of credited service and 1.00% for each year thereafter. For those SLEP members retiring with less than 20 years of SLEP service, the regular IMRF pension formula applies. SLEP also provides death and disability benefits.

**Village of Willowbrook, Illinois**  
**Notes to Basic Financial Statements**  
**April 30, 2019**

These benefit provisions and all other requirements are established by state statutes. SLEP members are required to contribute 7.50% of their annual salary to SLEP. Currently the only SLEP participant is a former police chief.

*Employees Covered by Benefit Terms*

As of December 31, 2018, the measurement date for the net pension liability, the following employees were covered by the benefit terms:

	<b>Regular</b>	<b>SLEP</b>
Retirees and beneficiaries currently receiving benefits	19	1
Terminated employees entitled to but not yet receiving benefits	16	-
Current employees	<u>16</u>	<u>-</u>
	<u><u>51</u></u>	<u><u>1</u></u>

*Contributions*

As set by statute, employees participating in the IMRF Regular Plan are required to contribute 4.50% of their annual covered salary. The member rate is also established by state statute. The Village is required to contribute at an actuarially determined rate. The employer annual required contribution rate for calendar year 2018 was 14.74% and for the calendar year 2019, it is 12.23%. For the year ended April 30, 2019, the Village contributed \$183,645 to the plan. The Village also contributes for disability benefits, death benefits and supplemental retirement benefits, all of which are pooled at the IMRF level. The employer contribution requirements are established and may be amended by the IMRF Board of Trustees. For the SLEP Plan, members are required to contribute 7.50% of their annual covered salary. The employer rate for calendar year 2018 was 13.28%. For the year ended April 30, 2019, there were no active employees and therefore no contribution rate of payroll or employer contributions.

**Village of Willowbrook, Illinois**  
**Notes to Basic Financial Statements**  
**April 30, 2019**

*Investments*

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

<b>Asset Class</b>	<b>Portfolio Target Percentage</b>	<b>Long-Term Expected Rate of Return</b>
Domestic equity	37%	7.15%
International equity	18%	7.25%
Fixed income	28%	3.75%
Real estate	9%	6.25%
Alternative investments	7%	3.20 - 8.5%
Short-term	<u>1%</u>	2.50%
	<u><u>100%</u></u>	

*Net Pension Liability (Asset)*

The Village's net pension liability (asset) as of April 30, 2019, was measured as of December 31, 2018, and the total pension liability used to calculate the net pension liability (asset) was determined by an actuarial valuation as of that date.

*Actuarial Assumptions*

The following are the methods and assumptions used to determine the net pension liability as of April 30, 2019:

Actuarial valuation date	December 31, 2018
Measurement date	December 31, 2018
Actuarial cost method	Entry-age normal

# Village of Willowbrook, Illinois

## Notes to Basic Financial Statements

April 30, 2019

Assumptions	
Price inflation	2.50%
Salary increases	3.39% - 14.25%, including inflation
Investment rate of return	7.25%
Asset valuation method	Market value of assets

Retirement age is based on Experienced-Based Table of Rates, specific to the type of eligibility condition, last updated for the 2017 valuation according to an experience study from years 2014-2016.

For nondisabled retirees, an IMRF-specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF-specific rates were developed from the RP-2014 Blue Collar Health Annuitant Mortality Table with adjustments to match current IMRF experience. For disabled retirees, an IMRF-specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF-specific rates were developed from the RP-2014 Disabled Retirees Mortality Table applying the same adjustment that were applied for nondisabled lives. For active members, an IMRF-specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF-specific rates were developed from the RP-2014 Employee Mortality Table with adjustments to match current IMRF experience.

### *Discount Rate*

A single discount rate (SDR) of 7.25% (7.50% in prior year) for the Regular Plan and 7.25% (7.50% prior year) for the SLEP Fund was used to measure the total pension liability. The projection of cash flows used to determine the SDR assumed that the plan members' contributions will be made at the current contribution rate, and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the Regular Plan's fiduciary net position and the SLEP Plan's fiduciary net position were both projected to be sufficient to make all projected future benefit payments of current plan members. Therefore, the expected rate of return on plan investments for both plans of 7.25% was used as the discount rate.

### Notes to Basic Financial Statements

April 30, 2019

At April 30, 2019, the Village reported \$58,147 of deferred outflows of resources related to pensions resulting from Village contributions made subsequent to the measurement date that will be recognized as a reduction of net pension liability in the year ended April 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense in future periods as follows:

#### *Pension Plan Fiduciary Net Position*

Detailed information about the pension plans' fiduciary net position is available in the separately issued IMRF schedule of changes in fiduciary net position by employer.

#### **Police Pension Plan**

##### *Plan Description and Provisions*

Police sworn personnel are covered by the Police Pension Plan, which is a single-employer defined benefit pension plan. Although this is a single-employer pension plan, the defined benefits and employee and employer contributions levels are governed by Illinois Compiled Statutes (Chapter 40-Article 5/3) and may be amended only by the Illinois legislature. The Village accounts for the Plan as a pension trust fund. The Plan does not issue a stand-alone financial report.

##### *Benefits Provided*

The Police Pension Plan provides retirement benefits as well as death and disability benefits. Tier 1 employees (those hired prior to January 1, 2011) attaining the age of 50 or older with 20 or more years of creditable service are entitled to receive an annual retirement benefit equal to one-half of the salary attached to the rank held on the last day of service, or for one year prior to the last day, whichever is greater. The annual benefit shall be increased by 2.50% of such salary for each additional year of service over 20 years up to 30 years, to a maximum of 75.00% of such salary. Employees with at least 8 years but less than 20 years of credited service may retire at or after age 60 and receive a reduced benefit. The monthly benefit of a police officer who retired with 20 or more years of service after January 1, 1977, shall be increased annually.

April 30, 2019

following the first anniversary date of retirement and be paid upon reaching the age of at least 55 years, by 3.00% of the original pension, and 3.00% compounded annually thereafter.

Tier 2 employees (those hired on or after January 1, 2011) attaining the age of 55 or older with 10 or more years of creditable service are entitled to receive an annual retirement benefit equal to the average monthly salary obtained by dividing the total salary of the police officer during the 96 consecutive months of service within the last 120 months of service in which the total salary was the highest by the number of months of service in that period. Police officers' salary for pension purposes is capped at \$106,800, plus the lesser of one-half of the annual change in the Consumer Price Index or 3.00% compounded. The annual benefit shall be increased by 2.50% of such salary for each additional year of service over 20 years up to 30 years to a maximum of 75.00% of such salary. Employees with at least 10 years may retire at or after age 50 and receive a reduced benefit (*i.e.*, 1/2% for each month under 55). The monthly benefit of a Tier 2 police officer shall be increased annually at age 60 on the January 1st after the police officer retires, or the first anniversary of the pension starting date, whichever is later. Noncompounding increases occur annually, each January thereafter. The increase is the lesser of 3.00% or one-half of the change in the Consumer Price Index for the proceeding calendar year.

### *Employees Covered by Benefit Terms*

At April 30, 2019, the Police Pension Plan membership consisted of:

Retirees and beneficiaries currently receiving benefits	18
Terminated employees entitled to benefits but not yet receiving them	-
Current employees	
Vested members	11
Nonvested members	12
	<hr/>
	41
	<hr/>

### *Contributions*

Employees are required by ILCS to contribute 9.91% of their base salary to the Police Pension Plan. If an employee leaves covered employment with less than 20 years of service, accumulated employee contributions may be refunded without accumulated interest. The Village is required to contribute the remaining amounts necessary to finance the Police Pension Plan, including the cost of administering the Police Pension Plan, as actuarially determined by an enrolled actuary. Effective January 1, 2011, the Village has until the year 2040 to fund 90% of the past service cost for the Police Pension Plan. For the year ended April 30, 2019, the Village's contribution was 41.92% of covered payroll for total contributions of \$871,084.

The Police Pension Plan is accounted for using the accrual basis of accounting. Employer and employee contributions are recognized when earned (*i.e.*, when due pursuant to formal commitments), benefits and refunds are recognized when owed to retirees (*i.e.*, due and payable).

**Notes to Basic Financial Statements**  
**April 30, 2019**

*Investment Policy*

ILCS limits the Police Pension Plan's investment to those allowable by ILCS and requires the Police Pension Plan's Board of Trustees to adopt an investment policy which can be amended by a majority vote of the Board of Trustees. The Police Pension Plan's investment policy authorizes the Police Pension Plan to make deposits/invest in commercial banks, savings and loan institutions (if a member of FDIC), obligations of the U.S. Treasury and U.S. agencies, obligations of states and their political subdivisions, credit union shares, repurchase agreements, short-term commercial paper rates within the highest classifications of at least two standard rating services, Illinois Funds, Illinois Metropolitan Investment Fund (IMET), and money market mutual funds permissible under state law. The Police Pension Plan may also invest in certain non-U.S. obligations, mortgages, veteran's loans and life insurance company contracts, equity mutual funds and equity securities.

The Police Pension Plan's investment policy in accordance with ILCS establishes the following target allocation across asset classes:

<b>Asset Class</b>	<b>Target</b>	<b>Long-Term Expected Real Rate of Return</b>
Fixed Income (40%)		
U.S. Treasuries	30.0%	1.7%
U.S. agencies	50.0%	1.7%
Taxable municipal bonds	10.0%	1.7%
U.S. corporate bonds	10.0%	1.7%
Equities (60%)		
U.S. large cap	70.0%	6.7%
U.S. small cap	20.0%	8.5%
International stocks	10.0%	6.5%

The long-term expected rate of return of the Police Pension Plan's investments was determined using an asset allocation study conducted by the Police Pension Plan's investment manager consultant in March 2019, in which best estimate ranges of expected future real rates of return (net of pension plan investment expense and inflation) were developed for each major asset class. These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage. Best estimates or arithmetic real rates of return excluding inflation for each major asset class included in the Fund's target asset allocation as of April 30, 2019, are listed in the table above.

*Investment Valuations*

All investments in the Plan are stated at fair value and are recorded as of the trade date. Fair value is based on quoted market prices at April 30 for debt securities, equity securities and mutual funds and contract values for insurance contracts. Illinois funds, an investment pool created by the State Legislature under the control of the State Treasurer, is a money market mutual fund that maintains a \$1 per share value.

*Investment Concentrations*

Listed below are investments (other than U.S. government guaranteed obligations) that represent 5% or more of the Police Pension Plan's investments:

LSV Value Equity Mutual Fund	\$ 1,487,116
Pioneer Equity Income Mutual Fund	1,526,920
T Rowe Price Growth Mutual Fund	3,038,591
Vanguard 500 Index Mutual Fund	3,188,061

The Police Pension Plan's investment policy allows a maximum of 20% of the portfolio to be in cash or cash equivalents, maximum of 10% in separate accounts managed by life insurance companies, and no more than 65% of its portfolio in equity securities and in mutual funds subject to additional constraints.

*Investment Rate of Return*

For the year ended April 30, 2019, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was 6.68%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

*Deposits With Financial Institutions*

Custodial credit risk for deposits with financial institutions is the risk that in the event of a bank's failure, the Police Pension Plan's deposits may not be returned to them. The Police Pension Plan's investment policy requires all bank balances to be covered by federal depository insurance.

### *Interest Rate Risk*

The following table presents the investments and maturities of the Police Pension Plan's debt securities as of April 30, 2019:

Fair Value	Maturities (in Years)			
	Less Than One Year	1 to 5 Years	6 to 10 Years	More Than 10 Years
State and local obligations	\$ 893,666	\$ 171,203	\$ 407,750	\$ 314,713
U.S. Treasury obligations	348,555	-	100,125	248,430
U.S. agency obligations	5,593,860	200,292	1,548,108	3,694,806
Mortgage backed securities	3,824	-	-	3,824
Corporate bonds	<u>1,931,478</u>	<u>-</u>	<u>1,093,048</u>	<u>838,430</u>
	<u><u>\$ 8,771,383</u></u>	<u><u>\$ 371,495</u></u>	<u><u>\$ 3,149,031</u></u>	<u><u>\$ 5,100,203</u></u>
				\$ 150,654

In accordance with its investment policy, the Police Pension Plan limits its exposure to interest rate risk by structuring the portfolio to provide liquidity for operating funds and maximizing yields for funds not needed for expected current cash flows. The Police Pension Plan investment policy targets a modified duration of 5 years, with a range of 1 to 7 years. It does not limit the maximum length of maturities.

### *Fair Value Measurement*

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

**Level 1** Quoted prices (unadjusted) in active markets for an identical asset or liability that a government can access at the measurement date.

**Level 2** Inputs other than quoted prices included within Level 1 that are observable for an asset or liability, either directly or indirectly. Level 2 inputs include quoted prices for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

**Level 3** Unobservable inputs for an asset or liability.

### *Recurring Measurements*

The following table presents the fair value measurements of assets and liabilities recognized in the accompanying statement of net position measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at April 30, 2019:

	<b>Quoted Prices</b>

### *Credit Risk*

The Police Pension Plan limits its exposure to credit risk, the risk that the issuer of a debt security will not pay its par value upon maturity, by primarily investing in obligations of the United States Government that are explicitly or implicitly guaranteed by the United States Government.

Corporate bond investments must be rated as investment grade by one of the two largest rating services at the time of the purchase and if subsequently downgraded, the corporate bond must be liquidated from the portfolio within 90 days. U.S. agency securities are rated AA+ by Standard and Poor's. Municipal bonds and corporate bonds are rated BBB to AA+ by Standard and Poor's. However, certain fixed income securities are not rated.

### *Custodial Credit Risk*

Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to the investment, the Police Pension Plan will not be able to recover the value of its investments that are in possession of an outside party. To limit its exposure, the Police Pension Plan requires all security transactions that are exposed to custodial credit risk to be processed on a delivery versus payment (DVP) basis with the underlying investments held by a third party acting as the Police Pension Plan's agent separate from where the investment was purchased. The money market mutual funds and the mutual funds are not subject to custodial credit risk.

*Net Pension Liability*

The Village's net pension liability as of April 30, 2019, was measured as of that date and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation also as of that date.

*Actuarial Assumptions*

The total pension liability above was determined by an actuarial valuation performed as of April 30, 2019, using the following actuarial methods and assumptions.

Actuarial valuation date	April 30, 2019
Measurement date	April 30, 2019
Actuarial cost method	Entry-age normal
Assumptions	
Inflation	2.00%
Salary increases	1.12% - 4.86%, plus 2% inflation allowance
Payroll growth	4.00%
Investment rate of return	7.25%
Cost of living adjustments	4.00%
Asset valuation method	5-year smoothed market, no corridor

Mortality rates were based on the RP-2000 Combined Healthy Mortality Table (CHBCA) (male) with blue collar adjustment projected by Scale BB to 2015 for active lives (with a 150% load for participants under age 50, for disabled lives).

Balance, end of year	<u>\$ 31,682,402</u>	<u>\$ 22,711,976</u>	<u>\$ 8,970,426</u>

No changes in assumptions related to salary increases, inflation, retirement age, disability rates, termination and mortality were made since the prior measurement date.

*Discount Rate*

The discount rate used to measure the total pension liability was 7.25% (same as prior year). The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that the Village contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Village contributions have been 100% the actuarially determined contribution based upon a five year historical average. Based on those assumptions, the Police Pension Fund's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments of 7.25% was used to arrive at a discount rate of 7.25% used to determine the total pension liability.

**Note 11: Other Postemployment Benefits**

The Village's Retiree Health Care Plan (Plan) is a single-employer defined benefit post-employment health care plan that covers eligible retired employees of the Village. The Plan, which is administered by the Village, allows employees who retire and meet retirement eligibility requirements under the applicable retirement plan to continue medical insurance coverage as a participant in the Village's plan. For purposes of applying Paragraph 4 under GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, the Plan does not meet the requirements for an OPEB plan administered through a trust.

*Eligibility*

Employees retiring from the Village in accordance with IMRF and police pension regulations and following the eligibility rules of the health care provider may stay on the insurance plan.

*Benefits Provided*

A retired employee and his or her spouse and eligible dependents are eligible to continue health insurance identical to active employees if they meet the eligibility for retirement under the applicable Plan. The retiree is responsible for paying the entire monthly premium for health coverage and that of any covered spouse or eligible dependents. Upon attainment of age 65, Medicare becomes primary.

**Note 12: Change in Accounting Principle**

The Village adopted the provisions of GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, for fiscal year ended April 30, 2019. As a result of the adoption of the provisions of this statement, the Village has restated beginning net position as follows:

	<b>Governmental Activities</b>
Net position - May 1, 2018 (as previously reported)	\$ 8,774,940
Adjustment to record the total OPEB liability as of May 1, 2018 under GASB 75	<u>(1,319,032)</u>
Net position - May 1, 2018 (as restated)	<u><u>\$ 7,455,908</u></u>

**April 30, 2019**

**Note 13: Subsequent Events**

The Village executed a redevelopment agreement with a developer in September 2018, wherein the Village will reimburse the developer for a portion of project costs in the form of a developer's note up to a maximum of \$2,000,000 or 20 years or expiration of the business district, whichever occurs first. The note was issued on May 1, 2019. The note is payable solely from the business district's sales taxes attributable to the project by April 30<sup>th</sup> of each year, based on project-generated business district sales tax collections through the prior December 31<sup>st</sup>. The note does not bear interest and the Village may prepay it at any time.

**Note 1: Budgetary Basis of Accounting**

***Budgets***

Budgets are adopted on a basis consistent with generally accepted accounting principles except for the Enterprise Fund. Annual appropriated budgets are adopted for the General, Special Revenue, Capital Projects (Land, Acquisition, Facility Expansion and Renovation Fund only), Debt Service, Enterprise and the Pension Trust Funds. All annual appropriations lapse at fiscal year-end.

***Budgets - Operating***

All departments of the Village submit requests to the Village Administrator so that a budget may be prepared. The budget is prepared by fund, function and activity and includes information on the past year, current year estimates and requested budget for the next fiscal year. The proposed budget is presented to the Village Board for review. The Village Board holds public hearings and may add to, subtract from or change budgeted amounts, but may not change the form of the budget.

***Budgets - Appropriations***

Once the operating budget has been approved by the Village Board, budgeted amounts are generally doubled to form the Village's appropriations.

Expenditures may not legally exceed the appropriations at the fund level. During the year, no supplemental appropriations were necessary. In addition, during the year, no funds had expenditures that exceeded appropriations.

The Village Administrator is authorized to transfer appropriation amounts between departments within any fund; however, any revisions that alter the total appropriations of any fund must be approved by the Village Board.

**Village of Willowbrook, Illinois**  
**Legal Debt Margin Information**  
**Last Ten Fiscal Year**

The Village is a home rule municipality.

“The General Assembly may limit by law the amount and require referendum approval of debt to be incurred by home rule municipalities, payable from ad valorem property tax receipts, only in excess of the following percentage of the assessed value of its taxable property [...] (3) if its population is 25,000 or less, an aggregate of one-half percent. Indebtedness which is outstanding on the effective date of this constitution (July 1, 1971) or which is thereafter approved by referendum or assumed from another unit of local government shall not be included in the foregoing percentage amounts.”

Article VII, Section 6(k) of the 1970 Illinois Constitution governs computation of legal debt margin. To date the General Assembly has set no debt limits for home rule municipalities.
