The Village of Willowbrook, Illinois has adopted regulations for the automated enforcement of traffic control signal regulations. Accordingly, pursuant to the terms of Title 8-11-3 of the Village of Willowbrook Code of Ordinances, the Willowbrook Police Department is authorized to install and operate an intersection safety program which uses automated red light cameras to enforce traffic signal regulations. It has been determined that your vehicle has proceeded into an intersection when the traffic control signal, for the direction in which your vehicle was traveling, was emitting a steady red signal. Red light running damages the public by endangering vehicle operators and pedestrians alike.
