# VILLAGE VIEW

## MAYOR'S MESSAGE - THE CRC

The Village of Willowbrook Board of Trustees and Staff held a Grand Opening event for the Community Recreation Center (CRC) on February 23. The new facility will tremendously impact Village operations. We built the facility to accommodate our growing Parks & Recreation Department and are excited to unveil the space to the public. The new building features a boardroom to host Board and Commission meetings, workshops, and other public events and a multi-use recreational space for various events and programming, such as the weekly Active Adults events. Additionally, the Recreational Services Coordinator, Carrie Navins's office will be onsite.

We could only finish a project of this size with the confidence and support of our community. The building and parking lot project began in early 2022. Engineering Solutions coordinated facility construction management and the General Contractor was E.P., Doyle & Sons. The total project cost for the renovation tallied \$2,000,000, with a significant grant of \$750,000 provided by the Illinois Department of Commerce & Economic Opportunity.

Follow the Village's social media accounts (Facebook and NextDoor) and visit [willowbrookil.org](http://willowbrookil.org) for upcoming events planned at our new CRC facility!

The Village will host a CIP Open House for the Midway Park Improvement Project on Wednesday, March 15, from 5:30 to 7:30pm at the Community Resource Center (825 Midway Drive). The Open House allows residents to learn more about the park improvement project planned for Fiscal Year 2023-2024. In addition, preliminary concept renderings of the redevelopment of Midway Park based on the citizen survey results will be available for viewing. We are still seeking community input and feedback; residents can engage with Village staff directly to hear more about the project. Please help us do our best for our community and its residents.
