Dear Residents,

The Village of Willowbrook is excited to invite you to participate in the Capital Improvement Project (CIP) Open House Meeting for Borse Memorial Community Park Phase III. The Village will be hosting an Open House meeting on **Tuesday, August 13 from 5 pm to 7 pm** at the Community Resource Center at 825 Midway Drive. Village staff will be sharing information about the third phase of the project such as improvements, amenities, materials, and timelines. It is anticipated that Phase III of the Borse Memorial Community Park project will begin in the summer of 2025, with an anticipated start date of May 1, 2025.

In March and May of 2023, the Village hosted two separate Open House meetings to discuss the project and receive community feedback. Overall, the project received resounding support and was approved by the Board of Trustees in May 2023. With the project being a multi-phased project, staff will be sharing updates on each phase of the project to keep the residents informed. Phase III of the project will be the culmination of the renovations with this portion of the project focusing on the softball field enhancements, new playground, new splash pad, new pavilion/shelters, pathway enhancement, and landscaping. As previously communicated and shared during the Open House Meetings in 2023, now Staff will be able to share more details about the specific amenities. The biggest of these enhancements will be the new playground and splash pad, which several options will be presented for resident feedback. Other elements of the project will include new pavilion structure, softball field enhancements, and landscaping and beautification of the park. Staff is planning on submitting an Open Space Lands Acquisition and Development grant application to assist in the funding of the final phase of the Borse Community Park Redevelopment Project.

If you have any questions or comments about the project please contact Dustin Kleefisch, Director of Parks and Recreation, at dkleefisch@willowbrook.il.us or 630-920-2429.

The Village looks forward to hosting our residents at the Capital Improvement Project Open House meeting on August 13th for this exciting and enriching project.

Sincerely,

Dustin Kleefisch

Director of Parks & Recreation
