

VILLAGE VIEW

Water Bill Brief

Mayor's Message

Mayor Frank Trilla

As we step into the new year, it's hard to believe the holiday season is already behind us. I hope everyone enjoyed a safe, joyous, and healthy holiday season, filled with cherished moments with family and friends.

There was a lot of activity around the Village during the holiday season, including the tremendous success of our annual Light Up the Night event. I want to thank everyone who joined us to kick off the holiday season. Transforming Borse Memorial Community Park and Midway Park into a magical winter wonderland took incredible effort and dedication. I want to extend my gratitude to everyone who worked tirelessly behind the scenes. The festivities didn't stop there! The Elf Tryouts provided kids with the chance to see if they had what it takes to join Santa's team of elves, and many residents enjoyed a special visit from Santa and Mrs. Claus during the Santa Sleigh Visits. These moments made the season even more memorable for our community. Finally, the Village is pleased to announce we have received another OSLAD grant in the amount of \$600,000 for Phase III of the Borse Memorial Community Park Redevelopment Project; further demonstrating our Village's commitment to sound financial stewardship.

As I reflect on the year ahead, I am filled with optimism and excitement for the opportunities that lie before us. Here's to a bright and promising year ahead! May it be a year of progress, community, and shared success for all.

Active Adult Programming

The Winter/Spring Scoop

The Scoop is filled with exciting programs and activities for the 55+ active adult community! Many of your favorite activities are back, along with new opportunities to enjoy. From Afternoon Delights and day trips to overnight and long-distance adventures, there's truly something for everyone. Don't miss out—call 630-325-8215 and ask for Active Adult Registration. Want to check out what all the excitement is about? Get on the mailing list, request an emailed copy, or check out the Scoop online at <https://www.willowbrookil.org/347/The-Scoop-Active-Adult-Program-Newsletter>. Let the fun begin!

Police Department

Citizen's Police Academy

Are you intrigued by how the Willowbrook Police Department serves the community? Do you want to play a role in enhancing community safety? Join our Citizens Police Academy and discover the dynamic world of law enforcement.

Important Information About Your Drinking Water

Availability of Monitoring Data for Unregulated Contaminants for the Village of Willowbrook, State Water System ID# IL0431100

The Village of Willowbrook water system has been sampled for a series of unregulated contaminants. Unregulated contaminants are those that do not yet have a drinking water standard set by the EPA. The purpose of monitoring for these contaminants is to help the EPA decide whether the contaminants should have a standard. As our customers, you have a right to know that this data is available. If you are interested in examining the results, please contact Rick Valent by phone at **630-920-2482** or email at rvalent@willowbrook.il.us.

Keeping track of your water usage just got a lot easier.

Changes to Chicago's Water Treatment Methods

The Village receives Lake Michigan source water treated by the City of Chicago and transmitted from Chicago to Willowbrook through the DuPage Water Commission (DWC). Neither the DWC nor Willowbrook conducts any water treatment but only conveys the treated water from Chicago.

Over the next few months, the City of Chicago is changing some of its water treatment methods. Chicago has been utilizing blended phosphates in their treatment process which reduce lead levels by forming a protective coating on the inside of a customer's lead service lines. Chicago has stated there should be no change noticed in water quality levels for customers who receive water from Chicago. Chicago has provided a public website and FAQ for individuals interested in obtaining more information at <https://chicagowaterquality.org/corrosioncontrol/wholesale>. You can also contact the Chicago Department of Water Management Bureau of Water Quality at **312-744-8190** or Willowbrook Village Hall at 630-323-8215 with further questions.

TEMPERATURE CONTROL

Residents who live in a rental unit or an apartment complex: the 2018 International Property Maintenance Code and The International Residential Code state that the minimum required temperature is 68°F during the heating months. Contact the Village for further questions.
