

MARCH 2025

VILLAGE VIEW

Water Bill Brief

Mayor's Message Mayor Frank Trilla

Spring is almost here! As we eagerly anticipate longer days and warmer weather, here are some important reminders and exciting updates.

Mark your calendars! Daylight Saving Time begins on March 9th—don't forget to turn your clocks forward. It is also a great time to change the batteries in your smoke and carbon monoxide detectors.

Stay informed and stay safe! The Village partners with Everbridge Nixle to offer real-time alerts for severe weather, criminal activities, severe traffic, missing persons, and local events. Get up-to-date information directly from your local public safety departments, ensuring you're always in the know when it matters most. **Text your zip code to 888777** or visit <https://nixle.com/register/> to sign up today and stay connected to what's happening around the Village.

Our Parks and Recreation Department is preparing an exciting lineup of activities and events. The 2025 Spring/Summer program guide is now available and registration is open. View the digital guide by visiting <https://bit.ly/2025Spring-SummerProgramGuide> to get ready for a season full of fun!

Finally, as part of Phase III of the Borse Park Redevelopment Project, the Village will be installing a Veteran's Memorial. In an effort to honor local veterans, Village staff are in the planning stages of creating a personalized brick/paver program that will be a part of the memorial and will allow residents to honor their loved ones who served. While planning is still underway, please keep an eye out for future communications in case this project may be of interest to you and your family.

Police Department Citizen's Police Academy

Are you intrigued by how the Willowbrook Police Department serves the community? Do you want to play a role in enhancing community safety? Join our Citizens Police Academy and discover the dynamic world of law enforcement.

Liquid De-Icer Hits Village Streets

Have you noticed stripes on the roads before a winter storm? The Village has incorporated a liquid de-icer into its snow and ice removal process. This eco-friendly alternative to traditional road salt helps improve road safety while reducing environmental impact. The stripes you see on the pavement are a result of this application, ensuring better traction and melting efficiency during winter weather.

Community Development

Permit Reminders

While thinking about your spring construction project, ask yourself if a permit is required. Projects like bathroom and kitchen remodels, finished basements, driveways, fences, patios, sidewalks, sheds, and roof and window replacements require permits. If you are performing the work yourself, a permit is still required. Why do I need a permit?

- Protect Property Value
- Safety Saves Money
- It's the law

To ensure the public health, safety, and welfare of the Village of Willowbrook, staff is here to provide the community with building and property maintenance, code compliance, and building permit plan review. Inspections are performed on all permits to ensure the project was done right. Call Community Development at 630-920-2240 with questions. We are always happy to help.

Online Permitting System

We are excited to enhance our services and provide an improved experience for our community! The Village anticipates launching a user-friendly online permitting system in May 2025. Stay tuned for updates and more details in future Village communications.
