

JUNE 2025

VILLAGE VIEW

Water Bill Brief

Mayor's Message

Mayor Frank Trilla

The official start of summer is just around the corner, and the Village of Willowbrook is gearing up for a season packed with sunshine, celebration, and community connection!

With the days getting longer and temperatures rising, our Parks & Recreation Department is thrilled to bring back some of our community's most beloved events like the Fishing Derby, Neighborhood Nights, Outdoor Movie Night, Watermelons on Water, and so much more. In addition, the Village will be hosting National Night Out on Tuesday, August 5, at Midway Park. So, mark your calendars and stay tuned for more details.

Whether you're casting a line at the pond, dancing to live music in your neighborhood park, or cozying up under the stars for a movie night, there's no shortage of ways to make memories with friends, family, and neighbors this summer. So grab your picnic blanket, round up your crew, and get ready to experience all the fun, laughter, and connection that makes summer in Willowbrook so special.

Public Works

Consumer Confidence Report

Consumer Confidence Reports for reporting year 2024 are now available on the Village's website. Visit <https://www.willowbrookil.org/DocumentCenter/View/3437/2023-Consumer-Confidence-Report>

Mosquito Removal

A new state regulation that took effect January 1, 2025, regarding pesticide applications on public rights-of-way. For more information, visit <https://www.willowbrookil.org/113/Mosquito-Removal>

Important Information

About Your Drinking Water

Your home may be served by an unknown material service line that could contain lead. To improve water quality, the Village will be replacing all lead service lines, but we need your help! In the coming weeks, watch your mail for a short survey to help us identify your home's water line type.

Health Risks of Lead: Lead can pose serious health risks, particularly to children and pregnant women.

Ways to Reduce Exposure:

- **Flush Water:** Run taps for 1-2 minutes (no lead line) or 3-5 minutes (with lead line).
- **Use Cold Water:** For drinking, cooking, and baby formula.
- **Use Alternatives:** Consider bottled water or certified filters.
- **Clean Aerators:** Regularly remove debris.
- **No Boiling:** Boiling doesn't remove lead.
- **Install Lead-Free Fixtures:** Use lead-free faucets and plumbing.

For more information and service line replacement, contact Public Works by calling 630.323.8215. Visit the IDPH website for more details.

Summer Safety Reminder

With school being out for the summer, more kids will be out and about, especially in neighborhoods. Please SLOW down and use the following precautions:

- Day or night, drive with your headlights on so children can see you.
- When approaching parked cars, always expect a child to run out into the roadway.
- Look for bicycles, sporting equipment, and other indicators kids may be at play in the area.
- Before backing, scan the area around your car, double-check mirrors, and windows, and use a rearview camera.

On most roadways, bicyclists (including those on electric bikes) have the same rights and responsibilities as other roadway users. The following are important safety tips regarding bicyclists:

- Drivers must yield the right of way to a bicyclist just as they would to another vehicle.
- When passing a bicyclist, do so slowly and leave at least 3 feet of passing space.
- Bicyclists should wear equipment to make them more visible to others, including but not limited to a helmet, bright clothing with reflective clothing being preferred, and lights on the front and rear of the bicycle.
- Bicyclists should assume drivers do not see them. Make eye contact with drivers to ensure everyone's intentions are clear.
- Be aware of opening car doors, cars backing out of driveways or parking spots, and roadway hazards.

VILLAGE OF WILLOWBROOK

- Village Hall Administration - (630) 323-8215
Hours of Operation - Monday through Friday 8:30am-4:30pm
- Police Department Administration - (630) 325-2802

Community Development

We're Live!

As of June 2, 2025, the Community Development Department officially launched the **LAMA Online Permitting System**. This user-friendly portal allows you to:

- Apply for permits
- Submit plans and documents
- Track application progress
- Receive review comments
- Pay permit fees
- Access approved permit documents
- Schedule inspections
- Submit code enforcement cases

All from one convenient location, 24/7.
